

# VSB Grade 8

September 2022

# PROGRAMS

All 18 secondary schools in Vancouver offer challenging and comprehensive programs. Many schools have developed their own school-based enrichment programs for a wide range of student interests and abilities. In addition to the neighbourhood school, District programs also offer a set of enrichment programs to meet the needs of students.

All information nights will be held through online platforms. There is no District Wide Assessment/Test.

**KILLARNEY MINI**  
The Killarney Mini School Version 2022 is a Computer Science focussed experience for highly motivated students. Students will experience an enriched Math, Science and Information Technology curriculum for the junior years, then focus on a specialty area for grades 10 – 12.

These include:

- Programming (Machine Learning/Artificial Intelligence)
- System Administrator
- Network Administrator
- Cyber Security
- Robotics

Killarney Mini School students display intellectual curiosity, develop as critical thinkers, give back to their community, explore issues in depth, and have multiple opportunities to develop into well rounded resilient individuals.

**KING GEORGE MINI** is for motivated and creative students entering Grade 8. This challenging program offers both **academic and technology enrichment in the core subjects of English, Mathematics, Science and Social Studies.** Students entering this program will enjoy academic challenges with opportunities for creative problem solving, critical thinking, and teamwork focusing on the use of the iPad.

# FRENCH IMMERSION AND MANDARIN

## The **UNIVERSITY TRANSITION PROGRAM**

is a two-year program that offers an annual cohort of 20-25 BC academically gifted adolescents from diverse BC School Districts the opportunity to engage in rigorous and intensive preparation for early entrance to UBC and successful studies thereafter. Students build a strong community of care and develop effective strategies for individual and collaborative learning while they pursue their BC Dogwood and entrance to UBC.

**FRENCH IMMERSION PROGRAMS** (Grade 8-12) are at Kitsilano, Churchill and Van Tech.

The secondary component of the French Immersion program provides students with the opportunity to continue their studies and the development of higher level thinking and verbal skills in their second language.

**Students must have completed the elementary French Immersion program (or its equivalent if transferring from another district, province or country).**

[www.vsb.bc.ca/Student\\_Learning/Secondary/French\\_Immersion/](http://www.vsb.bc.ca/Student_Learning/Secondary/French_Immersion/)

## **EARLY MANDARIN BILINGUAL PROGRAM**

is at Windemere Secondary. Students take two Mandarin courses in grade 8, and one Mandarin course in grade 9 as a co-hort. **In grades 10-12 students complete coursework in the mainstream program.**

**Priority is given to students who complete the Early Mandarin Bilingual program at Norquay.** Other students with program level of Mandarin are welcome to apply.

## **MANDARIN BILINGUAL PROGRAM**

is at Eric Hamber Secondary. Students take two Mandarin courses in grade 8, and one Mandarin course in grade 9 as a co-hort. **In grades 10-12 students complete coursework in the mainstream program.**

Priority is given to students who complete the Mandarin Bilingual program at Trudeau. Other students with program level of Mandarin are welcome to apply.

## SCHOOL-BASED PROGRAMS

Priority for enrolment is given to students who live in the school catchment. If space is available, after catchment students have been accommodated, out of catchment students will be considered. Out of catchment students will be considered through the cross boundary application process.

**SYNERGY AT CHURCHILL** is for students who are talented and capable of going **beyond the standard curriculum in scope and depth.**

Synergy students stay together for English, Socials, Applied Skills, and Science. Bright curious creative thinkers who have leadership potential are candidates for Synergy.

**Note: This is not a District Program.**

## **STEM PROGRAM AT TEMPLETON**

combines science, technology, engineering, and mathematics into a multi-course cohort that engages students in project based learning. Exemplifying BC's new inquiry-based curriculum, students work in collaborative teams to activate core and curricular competencies through authentic, multi-week design challenges based in real-world problems.

Students have full access to facilities, elective courses, clubs and teams at Templeton Secondary School.

**Note: This is not a District Program.**
