Dear Families of University Hill Secondary Students,

I'm writing today to provide reassurance after a disturbing incident took place in the UBC area earlier today. As you may have learned through the news, a police incident occurred this morning. The situation was not on school property. The RCMP indicated that the situation was resolved with no impact to our school community.

The safety and well-being of students and staff is always our top priority. While this incident did not directly impact the school, it may raise concerns or questions. Should you or your family need support in having those discussions, please reach out through the contact information above.

Sincerely,

Michelle Wood  
Principal
