

Update: Rentals of District Facilities

To help reduce the risk of Covid-19 transmission and ensure the health, safety and wellness of staff, students and others using Vancouver School District facilities, rentals are cancelled until August 31, 2020. Refunds will be issued for previously booked rentals.

Existing child care, essential services rentals and summer camps for children and youth will continue to be considered in accordance with public health guidelines.

Sports fields, courts, school grounds and play structures are available for student use during the school day and for casual use by the members of the community outside of school hours. People who use sports fields, courts and play structures are encouraged to follow public health and safety measures including washing or sanitizing hands before and after use, as well as practicing physical distancing with people who are not members of the same household.

Organized competitive play and training will not be permitted at this time. Applications for renewals or new facility use rentals are also postponed at this time.

Members of the community are reminded that school property is for the exclusive use of schools during school hours.
