Division 5 Scientists

Division 5 explored the rock cycle with Starbursts! Beginning with igneous rocks (Starbursts in their original state), our budding scientists transformed them into delicious metamorphic rocks (melted Starbursts).

Div. 7 VanDusen Field Trip

Division 7 went for a field trip to VanDusen Botanical Garden on Wednesday. During a biodiversity scavenger hunt, we saw ducks, turtles, Canadian goose goslings, skunk cabbage, and lilies! We also used nets to catch and identify water bugs living in the pond!

NEW Pickleball Camp for Kids!** Westcoast Pickleball Academy is a summer camp designed for children to learn and build their foundational knowledge of pickleball. In addition to learning fundamental skills, such as proper grip and swing technique, students will also learn how to serve, drive, dink, and volley. Students will

gain a new technical skill set, grow their fundamental movement skills, build connections, all while having fun and learning to play pickleball! Westcoast Pickleball Academy strives to provide the best environment for students to learn and develop dynamic pickleball skills, emphasizing techniques and tactics for success on the court. The camp is run by Kristine Wong, a VSB Teacher and former Apex Volleyball Coach and Justin Liao, a Certified NCCP Level 2 Coach. They are excited to share their passion and knowledge of pickleball with the next generation.
