

Friday December 22, 2023.

Season's Greeting Osler Community,

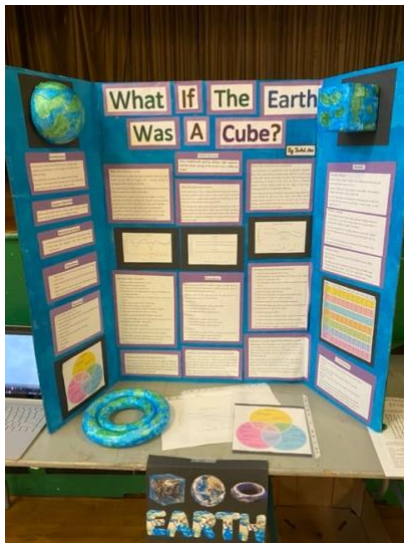

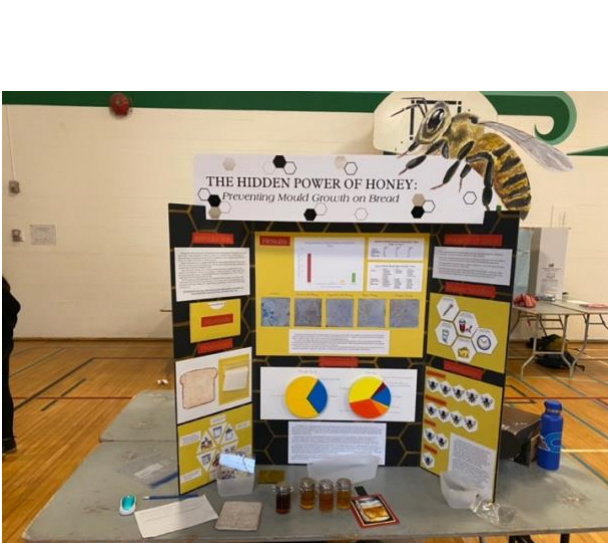

Winter Break- December 25 - January 5. First day back is Monday January 8th.

It is amazing how some days can drag but then you realize that it is end of another calendar year! Staff and students have had 4 full months of engagement, community, and learning. I have had the pleasure of visiting classes throughout the months and am so grateful to be part of the Osler community. Each day students continue to commit to their learning with wonder, resilience, and joy. They learn from the best; the staff, who put in endless hours preparing lessons, researching curriculum, and organizing activities that bring learning to life. Thank you for being part of our family! We look forward to the next 6 months together.

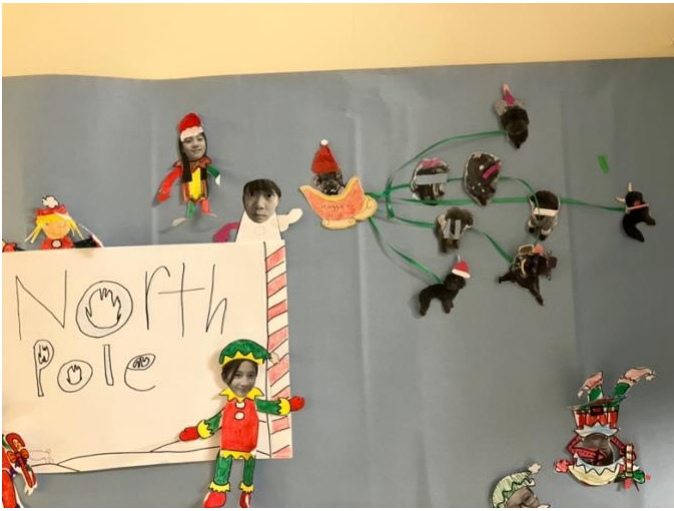

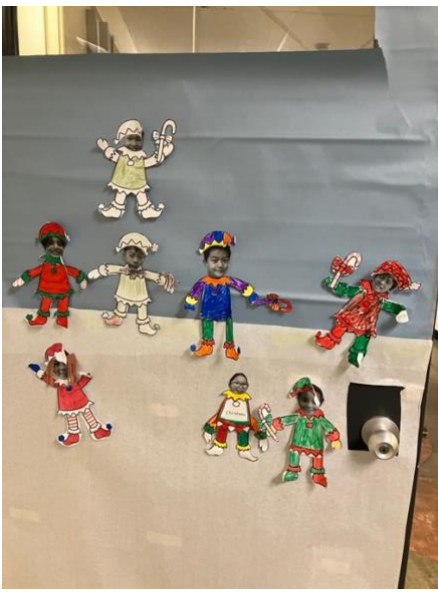

District Science Fair

The MACC class joined the Tecumseh and Kerrisdale MACC classes to celebrate and present their incredible science fair projects on Dec. 7. Six MACC students from Osler will participate in the Vancouver District Science Fair in February.

It's Beginning to look a lot like ...Winter Break!

Boogaloo Dance

This week students from Osler dabbled, dropped and dived into dance! Students worked with Jaric and Anita to get ready for today's performance. It is truly amazing to see what can be accomplished within 4 days! Thank you to all who were able to attend and to the students who gave it their all!

You should have received our OPG December Newsletter earlier this week. If you haven't subscribed to our newsletter but would like to, please email oslerpgsecretary@gmail.com.

Here is the link to the newsletter.
