

Friday May 2, 2025

Good afternoon Osler community,

District Wide Earthquake Drill Thursday May 8

Play Day Friday May 16

Young Entrepreneurs Fair

Community News

It has been lovely to return to Osler during parent teacher student conferences! So wonderful to see the children and then the families at the end of the day.

We are also noticing that students are wearing sweat suites to school with no t-shirts underneath resulting in **bleeding noses from overheating**. Please ensure students bring clothing options for the changing weather or wear layers that they are comfortable removing when the temperature rises.

District Wide Earthquake Drill

This coming Thursday May 8th will be the VSB’s Big One @ 2:00 earthquake drill. Students will hear rumbling noises over the PA system and then follow the procedures eventually ending up outside. Osler will conduct a limited Student Reunification drill for staff to practice processes. In the interest of time, ensuring that students are able to be dismissed by 3:00, classroom teachers will be asking one or two families to volunteer for this part of the drill.

Osler’s Play Day

Osler will be holding a Play Day for students on Friday May 16th. As with past Play Days, inspired by the Global Play Day format, students are encouraged to bring non digital items to bring to school that they enjoy playing with. These have been board games, portable instruments, tents, scooters, skateboards, blankets as examples. Students will learn more about Play Day at an assembly next week. We look forward to the opportunity for children to engage in unstructured play. I encourage you to check this website <https://globalschoolplayday.com/research> to further understand the benefits that such play has on us all!

Young Entrepreneurs Fair

Students from Ms. Kim and Ms. Feng's divisions 5 and 6 have been working diligently on their Young Entrepreneurs project over the last couple of months. They are now ready to present their hard work and sell their homemade products such as keychains, jewellery, candles, figurines, and more at the fair. All profits will go towards their field trip to the Vancouver Aquarium in June with their buddy classes.

Parents/guardians are invited to attend the **Young Entrepreneurs Fair from 9:30-11:30am on Wednesday, May 13th**. Please bring cash as it is a **CASH ONLY** event. Please note that attendance on Thursday, May 14th will be reserved for students only.
