

Good afternoon Osler Community,

Lost and Found
Picking up students
Lunch time
PAC: Cybersecurity

Here are just a few reminders:

The **Lost and Found** is located in the main hallway close to the office and basketball court. If you child has lost an item or clothing, lunch containers or water bottle this is where they will be placed. If an item is smaller such as a necklace these items are located in the office. Typically unclaimed items are bundled at the end of every two month, cleaned and donated. Parents are welcome to come the Lost and Found to look for items.

If **parents are picking up their child for** an occasion or appointment before the end of the day, please email the teacher and the office (osler@vsb.bc.ca). This way we are able to ensure the child is waiting for you in the office at the designated time. We will also ask you sign your child out with the date and time. This is to ensure health and safety procedures are followed. We also recommend that the child knows and understand that they will be leaving the school early that day so they are not surprised.

We are working hard to ensure that **lunch time** is as calm as possible. With this in mind we remind families to ensure students have a water bottle, and utensils. Please ensure that items are labelled to ensure return to their owner.

Grade 6 and 7 students will be involved in PAC sponsored workshops in October. Grade 6 and 7 parents are encouraged to join a Zoom webinar. If other parents are interested as well, please join us! Thank you PAC!

KIDS SHIELD SERVICES

Cybersecurity 101

Join our free webinar on
Cybersecurity for Kids and Teens

DR. MARYAM R. ALIABADI
Postdoctoral Researcher in Cybersecurity, CS, UBC
CEO and Cofounder at Kids' Shield Services Inc.

TOPIC HIGHLIGHTS:

- Advanced Cyberthreats
- Generative AI Impacts
- Cybersecurity Essentials
- Avoidance Strategies
- Protection Solutions
