## **Division 6 walk the Heart**

Division 6 is learning about the heart and circulatory system. Today we drew a giant heart and students took on the role of red blood cells, valves, the lungs and body cells. They traced the path of the blood through the heart and lungs, exchanging carbon dioxide (blue paper) for oxygen (red paper).

Thanks to our grade 5 students for setting up our heart today!

## **OPG/PAC Staff Appreciation Lunch**

The Osler staff were treated to a tremendously tasty lunch provided by parents at Osler. As with our parent community they went above and beyond. A heartfelt thank you from all the staff. What a kind gesture that is very much appreciated.

And on that note, there will be an OPG/PAC meeting on Zoom Monday April 29<sup>th</sup>. More information to come!

### **New Information about Spring Fair**

Unfortunately, without enough volunteers to run the Spring Fair at a minimum capacity, we have had to re-evaluate and come up with a new plan. Although a smaller scale, we think this will still bring a lot of fun for our kids and a great way to gather so we hope you can be a part of it!

**Friday, May 10th from 3-4pm on the Basketball Court Blacktop - Join us for our Osler Afterschool Mini Carnival!**

Look forward to games, prizes, snacks and treats sales. Tickets can be used for all items and prices will range from \$1-3 with no entry fee.

If you are able to volunteer, we have some light setup from 2-3pm, stations to run from 3-4pm and then cleanup 4-4:30pm and appreciate your support! Please email [oslerpgevents@gmail.com](mailto:oslerpgevents@gmail.com) with your times available.

Lost and Found items will be donated next Friday. Please check to ensure for any items.

Enjoy your long weekend!
