

Friday April 26, 2024.

Good afternoon Osler community,

Grade 7 Camp  
Current Student Information  
Big One at 2:00  
PAC

**Grade 7 Camp**

Our grade 7's spent 4 days up at Camp Summit this week! It was a little soggy compared to last year's but that did not dampen anyone's spirits. Activities included games, biking, ropes climbing, arts and crafts, making fires and bouldering to name a few with the best activity having fun! I have included some photos here, with a slide show to come for the grade 7 group.

**Current Student Information.**

Please inform the office of any updates to student information. It is critical to ensure updated records for safety reasons. Please ensure that phone numbers are current as we have run into situations where we are unable to contact a family member as the phone number is out of order or the voicemail is full. It is also imperative to keep updated addresses. We have noticed different addresses for siblings. Updated phone numbers and addresses will assist with any emergencies as well as keeping our earthquake data current. Thank you for your assistance in keeping our children safe.

**Big One at 2:00**

Each year on the first Thursday of May the VSB's Emergency Preparedness committee organizes an earthquake drill. At 2:00 a simulation of earthquake sounds will be played over the PA and afterwards staff and students will move into earthquake drill procedure of drop/duck/cover/ and then moving outside to the field. Some families will be practicing the reunification, which is a parent or guardian picking up their child(ren) at 2:00 provided appropriate identification is given to the school. This would be a drivers' license or something with a photograph. The families then leave the school site. If you would like to participate in the reunification part of the drill, please contact your child's teacher.

OPG/PAC meeting has been moved from April 29 to May 6<sup>th</sup>. A Zoom link will follow.

You can also catch up on any OPG/PAC news from their newsletter.
