

Groundhog Day February 2nd!

Friday February 7, 2025

Good afternoon Osler community,

Professional Day Friday February 14 (no school for students)

Snow ❄️

Vet Visit

More snow

This week has been a snowy one indeed! I am not sure if the Groundhog saw his shadow, but we are still in winter on the west coast! The children enjoyed playing in the snow and making sculptures, snow angels and playing games.

Vet Visit

On Tuesday Dr. Doug (Ms. M's dad) from Animal Care Hospital of Williams Lake was in for a visit. He shared with Div. 7, 8 and 10 about his job as a vet, dairy farming, caring for animals and helping wildlife. Maggie was glad to assist in allowing the children listen to her heartbeat with Dr. Doug's stethoscope.

More Snow

Enjoy your weekend,

Rosemary Thomas
Principal at Osler
