Weekly Newsletter Sept. 6

Thank you to all of our students and families as we worked to finalize all of our classes this week. Our students moved to their new homerooms this afternoon. It is typical for feelings of unease, excitement, nervousness and joy after moving from their previous class. It often takes a couple of weeks for students to settle in and realize how much fun they will have with their new class. Please be patient and help your children make this transition to this new school year.

New Classes

Primary students will have a slip of paper with them today telling them where to line up on Monday. Today Grade 1 students will be picked up as a group on the primary playground. The Grade 2s will be picked up on the Rainbow climber area and the Grade 3s in the Kindergarten Undercover area.
