

FUN WITH MATH

After-School Program
from ROZUMAKA

Your child means everything to you.

Give them the opportunity to develop one of the most important skills for their future — mathematical thinking —

while having fun!

An engaging program for children in Grades 2–4

that turns math into games, puzzles, challenges, and creative problem-solving.

This isn't just about learning formulas and doing worksheets.

Think math for the real world — business, money, logic, decision-making, and problem-solving for the next generation.

What Kids Develop

- **Logical Thinking**
Build strong reasoning
- **Creativity**
Find unique solutions
- **Confidence**
Believe in their abilities
- **Problem-Solving**
Tackle real challenges
