Junior Arts 9/10

This course works as an overview in the visual arts. Drawing, painting, ceramics, sculpture, printmaking, ink and illustrations are all focused on as projects.

Build your skills in a variety of media and styles through a project based course.

Senior Arts 11/12

This course is open to students of all skill levels and works as a transition to post-secondary arts and creative programs with regular opportunities with the Vancouver Art Gallery and with engaged projects with things such as screen printing, murals and more.

Photography 10-12

For grade 9 photography please select Photo 10.

This course works as an introductory course in working as a photographer using school equipment. Students are given a Adobe Creative Cloud license for the semester as well. Camera basics and techniques are taught along with Photoshop editing.

This is a mixed grade level course; students will be enrolled grades 9 through 12.

A senior component is available for engaged and mature students looking for further opportunities. Please check with Mr. Sinclair if you are curious.

TEXTILES 9 - 12

This course allows students the opportunities to learn and develop basic and advanced sewing skills. Students will select projects according to their sewing ability and individual preferences.
