The hope of Glad-Tour-Ific day is to introduce the future grade 8's of Gladstone to the school that they will be calling home for the next 5 years. We want to showcase some of the exceptional programs that we have here, connect students with some of the teachers that they will be having next year as grade 8's, get them familiar with the lay of the school, and to connect them to the various supports and resources that they have within the school and community. We hope that you and your class will be able to join us!
