Turnaround Days

- There will be a two-day turnaround between Semester 1 and 2 – January 27 and 28. As these are instructional days, students are welcome to attend but there will not be formal classes running. The turnaround time is an opportunity for students to complete work and for teachers to support those students who need assistance with work in order to receive a mark of completion. Teachers may request that specific students attend in order to make up the required work and the expectation is that those students will be present in their class. The school will be open during the usual school hours and there will be breakfast or lunch service provided on the two days.
