Dear Parent or Guardian,

The French Immersion department offers a skills block to support students who are having difficulty keeping up in their French Immersion classes. This class is taught by a department teacher who is familiar with the expectations of the courses offered in the program as well that the language proficiency that is expected at each grade level. With course selection beginning in the coming weeks, it would be valuable to have a conversation with your child and their teacher to determine whether or not a support block would help your child have more success in the French Immersion program. Should you and your child decide to take advantage of this option, your child would forfeit an elective course.

If you have any questions, please do not hesitate to contact Curtis Collier, the acting French Immersion Department Head.

Kindly,

Curtis Collier  
French Immersion Dept Head

Please detach and return to your grade 7 teacher
