An important change for all VSB schools is an updated Code of Conduct to limit students' use of personal digital devices during school hours, as mandated by the Province of B.C. In secondary schools, personal digital devices must be turned off or placed on silent mode before students enter the classroom and remain silent during instructional time. Personal digital devices are not permitted for use during class/instructional time unless an educator has given permission. Please see this link for Van Tech's guidelines: [Van Tech Personal Digital Devices Guidelines](#). We encourage parents and caregivers to discuss this change with their student(s) before the first day of school.

As always, we welcome your comments and questions. It is a privilege to serve the Van Tech community, and we look forward to the upcoming school year.

Flexible Instructional Time (FIT)

FIT, Flexible Instructional Time, happens every day except Wednesday, for 40 minutes. During FIT students are expected to be engaged in a learning activity of their choice.

Monday and Friday FIT runs 8:40 - 9:20 am, and students do not need to sign up in advance, but when they are in the building, they must be in a learning space, and they must sign-in to the Green Book for attendance in the case of an emergency.

Tuesday and Thursday FIT runs 1:20 - 2:00 pm. Students must sign up for Tuesday and Thursday FIT sessions using http://vantech.myweeklyplanner.net They are expected to be in the building in an area supervised by a staff member.

- This is school (instructional) time, and students get a choice of how to spend it doing either schoolwork or personal interest activities.
For example, students may participate in weekly classes, collaborate with peers, see individual teachers, or pursue learning activities that may fall outside of their scheduled classes.
Staff and supports will be available for students.
Teachers will communicate with students how to best utilize FIT in support of their academic success throughout the school year.

Collaborative Planning Time

The Vancouver School Board calendar includes 8 shortened school days for students while staff remain on site for the full day to participate in Collaborative Planning Time. This time provides staff an opportunity to come together to engage in activities and discussions unique to each school community that support and enhance student progress and achievement. During Collaborative Planning Time, teachers work to share, discuss, and learn from each other to enhance their teaching practices within four pillars of education: curriculum, instruction, assessment, and social / emotional learning.

Students should not be at school during this time, unless special arrangements have been made with a staff member. To ensure equitable instructional time, four sessions of Collaborative Planning Time occur in the morning and afternoon respectively. The Provincial government sets out minimum hours of instruction for all grade levels, and the Vancouver School Board calendar, with Staff Collaborative Planning Time included, meets the Provincial Requirements.

Professional Development Days allow teachers to continue professional learning through involvement in programs, services and activities designed to enable teachers, both individually and collectively, to enhance teaching and learning. *Students should not be at school* during this time, unless special arrangements have been made with a staff member.

Reporting Information and Updates

The purpose of assessment is to facilitate learning and move it forward in an equitable and inclusive way. It helps students answer three questions about their learning:

- Where am I now?
- Where am I going?
- How do I get there?

Quality assessment is ongoing and responsive. It informs the instruction cycle and provides **teachers** with evidence to plan. It helps **families** understand and support their children’s learning. Most importantly, it provides **students** with meaningful feedback to guide their learning and help them reflect on their growth.

The Provincial Reporting Policy requires that students in Grades 8 and 9 will receive marks on a four-point proficiency scale (*Emerging, Developing, Proficient, Extending*), while students in Grades 10 -12 will receive a letter grade and percentage. Written Learning Updates for all students will now also include self-reflection and goal setting, as well as descriptive feedback.

Van Tech students will receive **Written Learning Updates** such as interims and reports and **Informal Learning Updates** such as telephone calls, e-mails, and conferences.

If you have questions or concerns about your child’s progress, please reach out to their teacher as soon as possible. Teacher contact information is on the school website: [Vancouver Technical \(vsb.bc.ca\)](http://vancouver.technical.vsb.bc.ca)
