Grade 12 students should check their TEAMS Scholarship Channel and the [DT Scholarship Page](#) for important information, applications and deadlines. For example, the DT Scholarship Applications open on March 10th. District Scholarships are available now and the deadline is April 17th. All this info and more can be found on the [DT Scholarship Page](#).

Interim Reports:

Interim reports will be published in the MyEdBC Family Portal on March 13. Interim reports contain descriptive feedback on student progress as they relate to the curricular competencies. Interims can also include commentary on student work habits. There is no letter grade on an interim.

Registration opens March 1, 2025 for students 15 years and younger to register for 2 free games of bowling each day all summer long. Click the link if you are interested in learning more and registering for the free games. <https://www.kidsbowlfree.com>

Cellphone Policy:

David Thompson continues to use the [stop light image](#) as a reminder for students to keep their personal digital devices (cellphones) off during instructional time.

Each class starts off with a **red light** meaning absolutely no digital devices.

If a teacher will be allowing students to use their personal devices during a portion of the class (ie: research, Slido, Kahoot, or any other educational related activity) then the teacher will announce that the light has changed to a **yellow light**. If a teacher announces it is a **green light** then a device can be used any time during the remainder of the class for educational purposes only. In each instance, the educator needs to give permission.
