Information for kindergarten families from Canadian Parents for French

CANADIAN PARENTS FOR FRENCH - VANCOUVER CHAPTER

WELCOME TO MATERNELLE

Your French Immersion adventure begins.

Bonjour les parents and welcome to the start of something very special for your child. Having enrolled in French Immersion, you have just made one of the most important decisions regarding your child's education. There are so many benefits to being bilingual. As exciting as these early days may be, you likely have many questions. Don't worry, you're not alone.

We would like to introduce ourselves. We are the Vancouver Chapter of the Canadian Parents for French (CPF), a national network of volunteers which values French as an integral part of Canada and which is dedicated to the promotion and creation of French-second-language learning opportunities for young Canadians.

CPF works with parents to fund and organize a range of events, from French summer camps to public-speaking competitions with thousands of dollars in prizes, film festivals, concerts and parent workshops. We also offer bursaries to students interested in teaching French in BC or Yukon. We monitor how federal and provincial educational dollars are invested in French programs in your community. We help raise awareness about the benefits of second-language learning for all children.

Now you can Join CPF for Free!

CPF Canada is currently waiving the membership fee. Join today and gain access to a network of parents just like you. By joining you would also be supporting us and our initiatives as our provincial funding is conditional to the number of members we have.

To Join visit: <https://cpf.ca/en/join-cpf/>

Canadian Parents for French furthers bilingualism by promoting and creating opportunities for youth to learn and use French.

TIPS for supporting your child's French education.

Most French immersion parents have either a limited knowledge of French or cannot speak the language at all. If you don't speak French yourself, it is not suggested you read to your child in French now. However, any reading that you do in your first language is recommended and the reading skills that are learned, such as vocabulary development and reading from left to right, can be transferred to French.

Being able to read words and sound out letters are important aspects of learning to read but true reading involves reading for meaning and making connections with our own personal experiences. Children should be encouraged to clarify what they read through pictures, questions and discussion and retelling the story. This leads to greater understanding and comprehension.

Here are some simple suggestions for children in primary immersion:

- Be enthusiastic and positive.
- Read often to your child in English (or your first language).
- Provide French resources eg. French dictionaries, DVDs, CDs, books, comic books.
- Consider putting them into a French language summer day camp.
- Discover French internet web sites.
- Join the local chapter of your Canadian Parents for French to network with other immersion parents, access services and to keep informed about developments in French second language education.
- Sign up for an adult French course geared to French immersion parents.
- Listen to French radio and watch French shows or movies.
- Hire a tutor or babysitter who speaks French to play with your child.

Try to develop the best relationship possible between you and your child's teacher, making teamwork the main theme. Asking about your children's homework and praising them for its completion as well as allowing them to tell you about their day will help create a more positive environment about school in general.
