Westside Wrestling Program

Next week, all JQ students will participate in the Westside Wrestling Program during class gym period.

Westside Wrestling Club is a not for profit society that was born out of the combination of all the high schools on the West side of Vancouver training together as one team. It has now grown to include a program for children 5-12 years old and adults of all ages.

For all ages the main goal is to have fun and get more kids playing sports. The Program offers a combination of gymnastics with games and wrestling techniques to develop physical literacy.

³<mailto:jquattendance@vsb.bc.ca>

Coaches are all past University and Olympic wrestlers with a deep knowledge and love for the sport.

It is hoped that skills learned will help develop self-confidence, self-discipline, fitness and physical literacy for students.

Flexible/Soft Plastics Collection Program - last week

Families have one more week to drop off any flexible/soft plastics with Monsieur Sankey's Division 2 class and help them become Flexible/Soft Plastics Program Champions.

A giant bin has been placed in Monsieur Sankey's classroom (Rm 305) to collect flexible/soft plastics.

The program goals are:

- Increasing knowledge and understanding about the recycling of flexible plastics (aka soft plastic),
- Collecting flexible plastic at school, and
- Encouraging the ongoing collection and recycling of this material at home once the pilot program is complete.

Timing: The program will end during the week of December 9th.

What kind of flexible plastic is eligible for collection? This program is collecting residential flexible plastic like the kind often found in student lunches. For example, zipper-lock bags and stand up pouches, crinkly granola bar wrappers and chip bags, and plastic grocery-type bags. This program will also accept flexible plastics collected from home – for example, bread bags, flexible packaging, outer bags and overwrap, and woven plastic bags.

What's in it for our school? The school will receive a \$200 honorarium and Recycle BC will pay \$2.00 per kilogram of flexible plastic collected! This money could be used for classroom prizes, library resources on recycling and sustainability, other resources the school needs or donated to a charity chosen by the school.

How can you help? Families are invited to send in flexible/soft plastics from home during the duration of the project and bring them to their classroom.

Thank you for your support.

JQ Salmon Stream - walking school bus

We are excited to announce the launch of our Walking School Bus (WSB) initiative, also known as the JQ Salmon Stream! (Thank you to Barend for coming up with this great name at our PAC meeting!) This program aims to encourage active and safe transportation to school while fostering a sense of community and fun among our students and families.

The idea for the Walking School Bus was discussed during a PAC meeting last year, with representatives from the Society for Children and Youth of BC present to address questions and concerns. For more details, you can review the meeting minutes here¹³ and the accompanying presentation here¹⁴.

How It Works

We aim to kickstart the JQ Salmon Stream with all participants walking together, which helps to build community spirit while promoting active and safe transportation to school. Currently, two parents **Valerie Balaski and Nafisa Fera**, both parents of Grade 4 and Grade 2 students have volunteered to lead the initial routes. Each leader will walk one morning a week starting at a designated meeting point. **Over time, we hope more parents will volunteer to expand the number of walking routes and days.**

1. **Nafisa's Route:** Meeting at the bus stop at 10th and Trimble (Shell station) at 8:30 am every Thursday. This route will proceed along 11th to 15th Avenue, with opportunities to meet families along the way.
2. **Valerie's Route:** Meeting at 10th and Blenheim St. at 8:25 am every Friday. This route will proceed along 10th Ave., Alma St, 12th Ave., Wallace St. JQ along 14th Ave.

Joining and Communication

Families interested in joining the JQ Salmon Stream can connect via this dedicated WhatsApp community:

WhatsApp community¹⁵

The group features subgroups for each route, allowing for streamlined communication and updates on meeting times and routes.

Liability and Safety

The program follows best practices outlined in active school travel initiatives. Volunteers accompanying children are not assuming additional liability, provided they act responsibly. For more details, we encourage you to review this document, which addresses common concerns:

Ontario Active School Travel Liability Guidelines¹⁶.

Key excerpt:

"By volunteering to accompany children on their walk to and from school, parents are not assuming responsibility for anything that may happen during the trip. Parents are expected to act responsibly... Unless they have acted in a negligent manner and that negligence caused the injury, they have nothing to fear."

Get Involved!

We look forward to seeing our community come together to support the JQ Salmon Stream! If you are interested in joining or volunteering, please let us know. Together, we can make this a successful and enjoyable initiative for our students

Class Parent/Guardian

The PAC would like to remind parents and guardians about the opportunity to volunteer as a class parent/guardian. Few divisions currently do not have a class parent listed, and we kindly invite parents or guardians to consider volunteering for this role to help support their classroom community. This role typically involves the following tasks:

1. Collects funds, organizes, and presents thank-you gifts for the teacher at winter break and the end of the school year.
2. Acts as a liaison between the class teacher and parents/guardians.
3. Serves as a connection between the PAC and the class community.

The class parent/guardian plays a crucial role in the classroom in building a strong community, and does not require a big time commitment.

If this role is of interest to you, please fill this form¹⁸ to volunteer; and mention of your interest to your child's teacher.

PAC Meeting Notes

Thank you all for attending the PAC meeting last week. The minutes will be circulated in the coming weeks.

CANADIAN PARENTS FOR FRENCH - VANCOUVER CHAPTER

WELCOME TO MATERNELLE

Your French Immersion adventure begins.

Bonjour les parents and welcome to the start of something very special for your child. Having enrolled in French Immersion, you have just made one of the most important decisions regarding your child's education. There are so many benefits to being bilingual. As exciting as these early days may be, you likely have many questions. Don't worry, you're not alone.

We would like to introduce ourselves. We are the Vancouver Chapter of the Canadian Parents for French (CPF), a national network of volunteers which values French as an integral part of Canada and which is dedicated to the promotion and creation of French-second-language learning opportunities for young Canadians.

CPF works with parents to fund and organize a range of events, from French summer camps to public-speaking competitions with thousands of dollars in prizes, film festivals, concerts and parent workshops. We also offer bursaries to students interested in teaching French in BC or Yukon. We monitor how federal and provincial educational dollars are invested in French programs in your community. We help raise awareness about the benefits of second-language learning for all children.

Now you can Join CPF for Free!

CPF Canada is currently waiving the membership fee. Join today and gain access to a network of parents just like you. By joining you would also be supporting us and our initiatives as our provincial funding is conditional to the number of members we have.

Canadian Parents for French furthers bilingualism by promoting and creating opportunities for youth to learn and use French.

TIPS for supporting your child's French education.

Most French immersion parents have either a limited knowledge of French or cannot speak the language at all. If you don't speak French yourself, it is not suggested you read to your child in French now. However, any reading that you do in your first language is recommended and the reading skills that are learned, such as vocabulary development and reading from left to right, can be transferred to French.

Being able to read words and sound out letters are important aspects of learning to read but true reading involves reading for meaning and making connections with our own personal experiences. Children should be encouraged to clarify what they read through pictures, questions and discussion and retelling the story. This leads to greater understanding and comprehension.

Here are some simple suggestions for children in primary immersion:

- Be enthusiastic and positive.
- Read often to your child in English (or your first language).
- Provide French resources eg. French dictionaries, DVDs, CDs, books, comic books.
- Consider putting them into a French language summer day camp.
- Discover French internet web sites.
- Join the local chapter of your Canadian Parents for French to network with other immersion parents, access services and to keep informed about developments in French second language education.
- Sign up for an adult French course geared to French immersion parents.
- Listen to French radio and watch French shows or movies.
- Hire a tutor or babysitter who speaks French to play with your child.

Try to develop the best relationship possible between you and your child's teacher, making teamwork the main theme. Asking about your children's homework and praising them for its completion as well as allowing them to tell you about their day will help create a more positive environment about school in general.
