Tupper - Blue Tray Pilot Project:

Food services will be running a pilot project for the remainder of the school year and will be using the Blue Trays to serve food. Tupper contributes 21,000 paper plates per year and the goal is to reduce the amount of waste that we generate. We ask all staff and students who use these trays (or see them laying around) to return them to their allocated collection bins stationed in the cafeteria. Collectively, let’s work together to reduce our environmental footprint and build a more sustainable school community.

Tupper is Reducing Waste

The blue cafeteria trays will help keep **195,000** paper plates out of the landfill every year!

Please return your tray to the bins provided

As part of our Capstone project in the AI Applications 12 class at Tupper with Mr. Hsu, we used Canva and AI tools to help design the last four weekly bulletin boards for the office. Big thanks to Cecilia for her support and collaboration throughout the project! It’s been a great way to combine creativity, technology, and teamwork to wrap up the school year! Thanks to Mr.Hsu as well for an amazing semester, we have learned so much!
