# RESEARCH

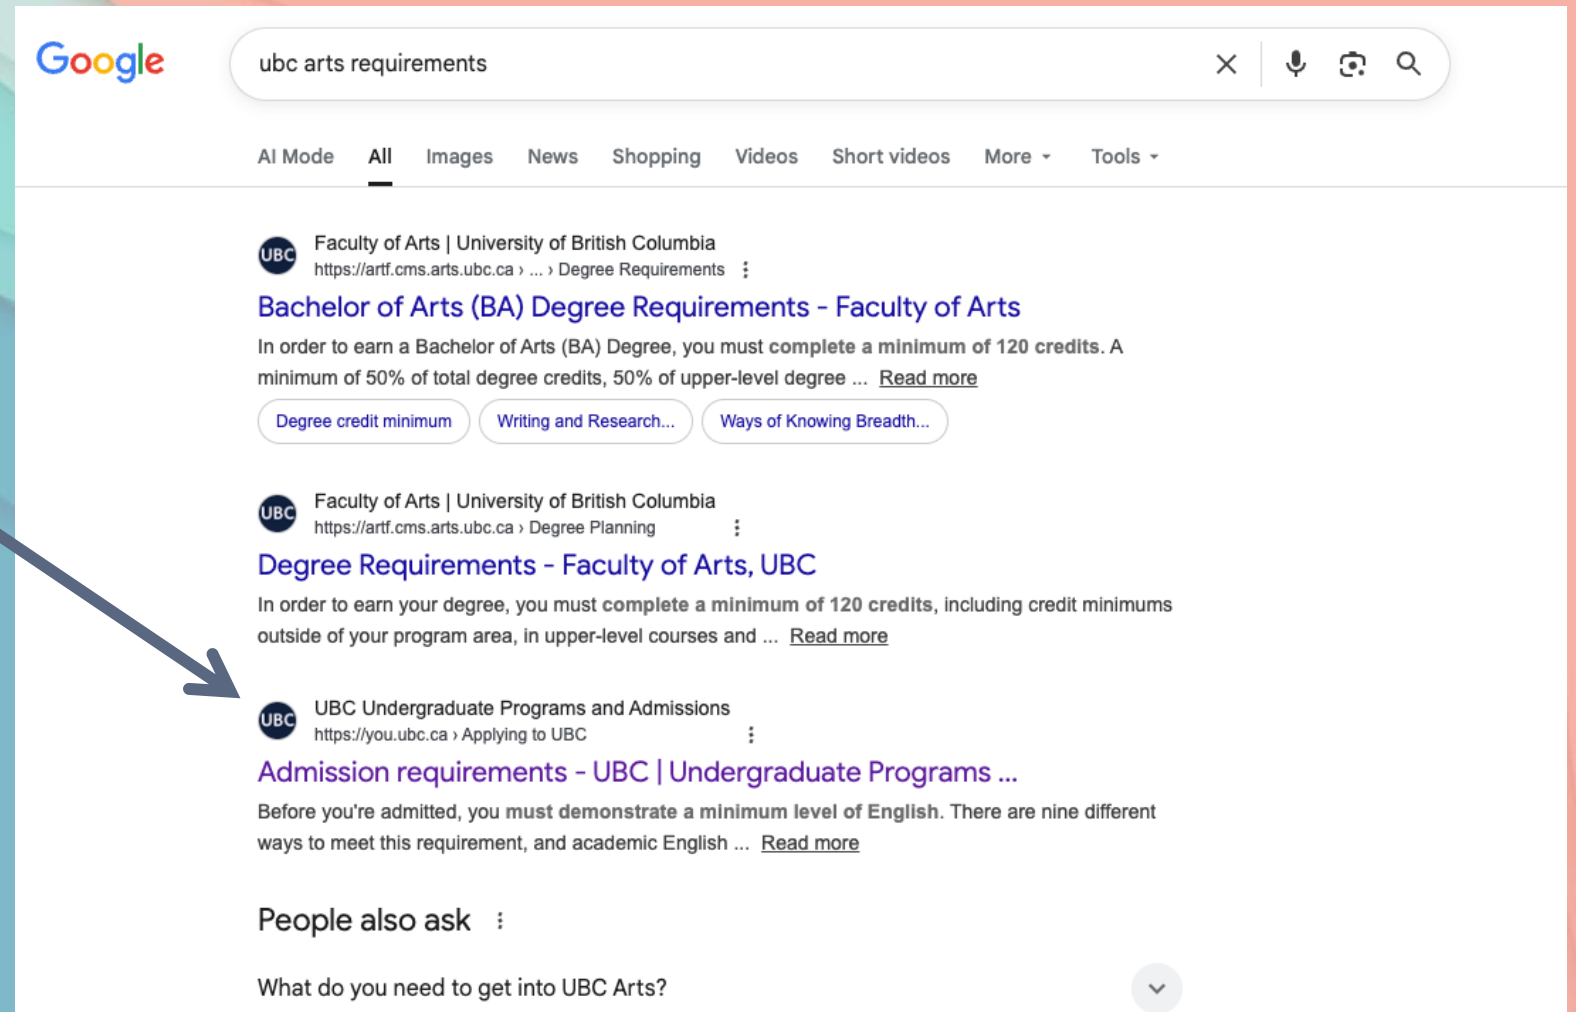

- Post-Secondary Admissions Requirements have changed recently. Please be sure to do your homework on what courses you require not only for GENERAL admissions but also PROGRAM/DEGREE Specific admissions.
  - Also make note of recommended/suggested courses.
  - Google: “Institution Name” + Admission Requirements (you might need to specify “undergraduate”)
  - Be sure to also check “Program” requirements also.
-

## Example: **UBC**

1. Google search:

“UBC admissions requirements”

2. Click here to open

The screenshot shows a Google search interface with the query "ubc arts requirements". The search results are displayed in a list. The first result is for the "Faculty of Arts | University of British Columbia" with the title "Bachelor of Arts (BA) Degree Requirements - Faculty of Arts". The second result is also from the "Faculty of Arts | University of British Columbia" with the title "Degree Requirements - Faculty of Arts, UBC". The third result is from "UBC Undergraduate Programs and Admissions" with the title "Admission requirements - UBC | Undergraduate Programs ...". A blue arrow points from the text "Click here to open" to the third result. Below the search results, there is a section titled "People also ask" with the question "What do you need to get into UBC Arts?".

# MATHEMATICS

- **PreCalc 11**
- **Foundations of Math 11**
- Workplace Math 11
- Computer Science 11

**PreCalc** – required course for post-secondary programs such as general science, engineering, computer science, mathematics and business.

**Foundations** – sufficient for most undergraduate programs in arts, humanities and social sciences

---

---

# MATHEMATICS

- PreCalc 11
- Foundations of Math 11
- **Workplace Math 11**
- **Computer Science 11**

**Workplace** – good option for more real-life uses of math (more practical, less theoretical); most trades, direct entry workforce, apprenticeship programs, retail/hospitality, service/sales, office administration, etc. Allows access to most college programs but not all universities (must upgrade)

**Computer Science:** Satisfies graduation Math requirement. NOT like computer studies class (no programming, etc.), focuses on how computers solve problems, constructing algorithms, computational problem solving, etc. Quite rigorous, good for students considering IT careers. Usually taken with PreCalc 11.

---

# SCIENCES

- Chemistry 11
- Life Science 11
- Physics 11
- Science for Citizens 11

**Chemistry & Physics**— required course for post-secondary programs such as general science, engineering, health sciences, nursing, etc. Chemistry must take either PreCalc 11 or FOM 11, pre-requisite for Chem 12, strongly recommended for Bio 12 (biochem). Physics must take PreCalc, pre-requisite for Physics 12.

**Biology** – required for health sciences, nursing, kinesiology, agriculture, food science, etc. Not a pre-requisite for Biology 12 but is strongly recommended.

**Science for Citizens** – good option for more real-life uses of science focusing on daily life, health, workplace application (safety, etc.), environmental issues and forensics.

- BC First Peoples 12
- Comparative Cultures 12
- Contemporary Indigenous Studies 12
- Economic Theory 12
- 20<sup>th</sup> Century History 12
- Law Studies 12
- Philosophy 12
- Social Justice 12

Reminder:  
French Immersion Students are  
required to take one of either:  
**Histoire du XX<sup>e</sup> siècle 12** or  
**Études Autochtones  
Contemporaines 12**  
as a program requirement, but  
can choose courses from this list  
as electives

# LANGUAGE ARTS

- New Media 11
- Composition 11
- Creative Writing 11
- Literary Studies 11
- English First Peoples 11

Note: The grade 10 “flavour” of language arts you take does not affect your choice in grade 11.

For example, you do NOT need to take New Media 10 to take New Media 11.

**English Elective**  
(does NOT satisfy grad requirement)  
Creative Writing 12  
Psychology 12

## MODERN LANGUAGES

- French 11
- French 12
- Spanish 11
- Spanish 12
- Intro Spanish 11
- Mandarin 11
- Mandarin 12
- Intro Mandarin 11

Most Post-Secondary Institutions (including UBC and SFU) no longer have a grade 11 language requirement. Be sure to double check **program specific requirements** online.

All language class, except for Intro, have a pre-requisite.

For example, you must complete French 10 to enroll in French 11, and you must complete French 11 to enroll in French 12.

# PHYSICAL EDUCATION

- Grade 11 and 12 PE are optional
- All classes are grade 11 and 12 combined

If you enjoy PE, there are great options!

- Active Living 11/12 (closest to classic PE, but more field trips)
- Active Living 11/12: Girls
- Strength & Conditioning
- Strength & Conditioning: Soccer 11/12
- Athletic Development: Volleyball 11/12
- Outdoor Education 11/12
- Yoga & Well-Being 11/12

# REMINDERS ABOUT THE TIMETABLE BUILDING PROCESS

- All requests of current (and returning TREK) students are processed at the same time. Students who have course selection in Semester 1 do NOT have an advantage over those who are in Semester 2.
  - **No teacher shopping** – if there is a pre-existing issue with a particular teacher, students are welcome to come discuss this in person with Ms. Adele confidentially, and accommodation can be made if needed.
  - **No sections swapping** – unless outlined in an IEP, changing a course section will not be accommodated.
  - **Requests and Balanced Timetables** – Ms. Adele always does her best to balance academic courses over the two semesters for all students. Ms. Adele will also do her best to get students their 1<sup>st</sup> choices. Singleton classes may conflict with each other. Please make sure that several backup choices are outlined on the request sheet.

# Q & A

The background features a series of overlapping, wavy, paper-like layers. On the left, there are several layers in various shades of teal and blue. On the right, there are layers in shades of orange and cream. The layers create a sense of depth and movement, with some layers appearing to curve and fold over others.
