Core Competency Self-Reflection

All students will be completing their first core competency self-reflection next week. FIT Time on Tuesday and Friday will be dedicated to this task. Students will be using the SpacesEDU app to record their reflections. Parents/guardians will be receiving a link to their child's self-reflection post.
Students will be reflecting on their strengths, and areas in need of improvement with regards to the core competency 'I" statements. The 'I Statements' can be found in this attached document. These self-reflections are performed three times each school year by all students in K-12. We encourage parents/guardians to have conversations with their student to come up with examples from school, extra-curricular and outside of school areas.
