Dear Resident,

**RE: Pedestrian Improvements at the Intersections of Alberni St & Broughton St
and Alberni St & Jervis St - Coal Harbour Elementary**

The City of Vancouver is planning pedestrian improvements at the intersections of Alberni St & Broughton St and Alberni St & Jervis St. These improvements will support pedestrian access to Coal Harbour Elementary School.

The intersections of Alberni St & Broughton St and Alberni St & Jervis St will be upgraded with the addition of curb bulges to improve the existing marked pedestrian crossings. These additions will improve traffic calming and provide shorter crossing distances for pedestrians. These changes are expected to be implemented in Fall 2025. In addition, the intersections of Alberni St & Broughton St and Alberni St & Jervis St are expected to be further upgraded with rectangular rapid flashing beacons (RRFB) in 2026.

If you have any questions or concerns regarding these changes, please call 3-1-1 or email us at SchoolActiveTravel@vancouver.ca

Sincerely,

Liliana Quintero, MAsC.,P.Eng.
Senior Transportation Engineer
Engineering Services
City of Vancouver
