

## **STUDENT TEACHING AND INTERNSHIPS**

### **Background**

In accordance with the *School Act*, the District shall, when a request for permission for student teachers to practice and observe teaching has been received from a university established under the *University Act* or a teacher training institution, permit such student teachers free access to District facilities to practice teaching, supervising, observing, and any other related activities. The Associate Superintendent – Employee Services will oversee student teaching and internships.

### **Procedures**

1. A student teacher permitted to work in any school or classroom has the same disciplinary authority as a teacher in the school.
