

NAMING NEW FACILITIES

Background

Recognizing that the use of place-based names, although not for buildings, has been an Indigenous practice since time immemorial, names for new school facilities will be place-based.

The Board will provide direction at the commencement of a naming or renaming process and approve the naming or renaming of educational facilities and land. (Policy 2 - "Additional Responsibilities")

Guidelines

- New school facilities shall be given a place-based name(s) which is/are meaningful and reflect the significant geography of the area.
- The relationship between the school building and the land on which it is located is important in the naming process.
- In selecting a place-based name that acknowledges and honours Indigenous history it is necessary to seek early engagement and involvement of the Musqueam Nation.
- Dual naming shall be considered in naming a new school in English and in hə́n'qə́mihəm. Dual names are not required to be a direct translation, and as such may have separate meanings.
- An education and communication plan will be developed and implemented to support understanding the history and significance of a new school name and to teach the proper pronunciation of the name given.
- Secondary schools will officially use the designation "Secondary School" after the selected name, elementary schools will officially use the designation "Elementary School" after the selected name, and elementary school annexes will officially use the designation "Annex" after the selected name.
- A facility name that is already in use in another District, especially a neighbouring one, is to be avoided.

Procedures

The following procedures are necessary prior to Board approval to name a new school facility as per Board Policy 2.

1. The Board will provide direction at the commencement of the naming process by initiating the official naming committee for a particular school site.
2. The process of naming a new school will begin as soon as possible after a project has funding approval.
3. The District Administrator, Indigenous Education will contact the Musqueam Nation to request their guidance and direction in identification of a hə́nq̓əmiḥəm place-based name.
4. A District committee will be formed to:
 - 4.1 Support liaising with the Musqueam Nation in determining a hə́nq̓əmiḥəm place-based name.
 - 4.2 Consider a dual English and hə́nq̓əmiḥəm place-based name for the school.
 - 4.2.1 If a dual name is to be given, the Committee will seek community input on possible place-based names.
 - 4.3 To provide guidance on the development of an education plan to support understanding the history and significance of the new school name(s).
5. The committee will consist of:

1	Director of Instruction – School Services
1	District Administrator Indigenous Education
1	District Parents’ Advisory Council
1	VTF Representative (VESTA for elementary /VSTA for secondary)
1	Administrator Representative (VEPVPA for elementary/VASSA for secondary)
1	Student representative from VDSC
6. The recommendation of the committee will be forwarded to the Facilities Planning Committee through the Superintendent and to the Board for approval.
