Animal Advocates Club	To fundraise for animal shelters and raise awareness for animals	Biweekly Tuesday at lunch
Animation Club	Display, create and learn about different types of 2D and 3D animation	Wednesday at lunch
AP Econ Club		Friday at Lunch
Architecture Club	Architecture is art, science, creativity, culture, and design. Our club aims to support enthusiastic students in gaining a deeper understanding of architecture. We accomplish this by providing a platform for students to explore, discuss, and engage with various aspects of this field. To achieve this goal, we organize activities, including discussions and research on famous landmarks and architecture. We also encourage members to express their creativity by sketching simple conceptual buildings. In addition, we would access to the school library's resources, such as architectural books, magazines, and reference materials, which can serve as a source of inspiration. We'll also host events to increase members' engagement. We would organize fun Kahoot games based on architectural history, famous architects, and iconic buildings. Moreover, we will hold monthly design competitions to enable members to showcase their artistic abilities and receive recognition for their work. We'll also help students who have taken drafting as part of their ADST curriculum by holding study sessions focused on architectural drafting and blueprint reading.	Once or twice a month *Tuesday at Lunch
Art Club	Our club gives people who are passionate for the arts an opportunity to gather around to share ideas and create artworks. Time will be provided during lunch for art making, art assignments, or other related activities. There will also be chances for learning about artists of different eras, paintings, and art history through the making of projects. This club is also a great place to meet other talented artists in our school community where collaboration and feedback take place.	Tuesday at lunch
Astro Club	The Astro Club's purpose is to educate members about the wonders of astronomy and space, kindle a passion for astronomy, expand knowledge, and promote stargazing. We share the latest discoveries, build a community of space enthusiasts, and inspire future scientists. Above all, our mission is to celebrate the wonders of space and encourage lifelong learning about the universe.	remote (Weekly post on Wednesday)
Bike Mechanics Club	To learn how to repair and maintain bikes (student and LB's bikes), and to donate refurbished bikes to Our Community Bikes, a non-profit which in turn donates bikes to marginalized folks struggling with financial difficulties.

We are in charge of gathering, managing, and curating the creative artworks of students. Club members will have an opportunity to interact and cooperate together to put on new shows.	Thursday after school
Genshin Club		Tuesday at lunch
Girl Up Club	The Girl-Up club is a community dedicated to promoting the well-being and leadership of girls. Our club strives to achieve a safe environment to learn more about female empowerment and breaking gender stereotypes. Our goals are to raise awareness regarding gender equality, address challenges that girls face in society, and take action to drive positive change. Through varieties of activities and discussions, we can increase awareness about gender barriers and certain obstacles females have to face. We organize workshops and skill-building activities to enhance our experience within the community. Our club also participates in community service projects and fundraisers to further increase awareness of gender equality.	Tuesday at lunch
Girls Will Stay	The Girls Will Stay Club focuses on letting girls stay educated, healthy, and sheltered by directly impacting local and global communities.	Friday at 11:50 am
Graphic Design Club	Since the leading method of communicating and translating ideas are all from social media in the modern society. I personally believe that it is a necessity to learn the basic foundations of Graphic Design. By learning this, one can convey what they think into the virtual world while making it visually appealing and soothing for the viewer to see. It is also a psychological factor that one's credibility can increase if the viewer feels a connection with what they see. In conclusion, the Graphic Design club will teach you all the basic techniques that can create a great design.	Tuesday after school

Name of Club	Purpose of Club	Meeting Day(s) and Time(s)

The AE Podcast	Discuss various topics the club members are interested in and upload them to share our conversations with the rest of the school. Episodes we have recorded in the past: This or That, Teacher Interviews, Advice Sessions, Philosophical Ideologies etc.	Friday at lunch
Universal Light-Up	The development of society and the power of the people are closely related. Without achieving educational and personal equality, it is difficult for today's society to have significant development and achievements. To achieve educational and personal equality, multiple aspects need to be considered. Firstly, it is essential to ensure that every individual can access high-quality education, particularly students in underprivileged areas. We should guarantee the educational needs and quality for each student. To achieve equal personhood, we need to eliminate discrimination and prejudice in society, ensuring that everyone receives equal treatment. This includes eliminating discrimination based on gender, race, religion, sexual orientation, and promoting the acceptance and inclusion of people with disabilities in society. In this club we will be hosting meetings discussing the situations that are going on around the world, what actions should we take. We would share knowledge on our modern life, and also create blog posts on different social media platforms. This can inform different people to understand more about the world, and instill a sense of eagerness to help out the people living in such circumstances. We would provide them stationeries, second-hand clothes, books and many handmade accessories.	Friday at lunch
VolunTeens	To help students of all grades find volunteer opportunities outside of school.	Friday at lunch
