Jim Pattison Musical Journey

Jimmy Pattison
John Oliver Secondary School Alumnus
Business Leader • Philanthropist • Musician

This trumpet belongs to Jimmy Pattison, a proud graduate of John Oliver Secondary School and one of Canada's most respected business leaders.

Many years ago, Mr. Pattison walked these halls, sat in these classrooms, and played music as a member of the school band. Like many other John Oliver students he discovered talents, built friendships and developed skills that would help shape his future.

This instrument reflects the values that continue to inspire generations of students:

The power of education
The importance of the arts
The potential within every student

As we celebrate the 100-year legacy of Memorial Park, this trumpet serves as a reminder **that extraordinary journeys often begin in our classrooms.**

On special occasions, this instrument may be played by a John Oliver student, continuing its story and honoring its legacy through music.

Thank you, Mr. Pattison, for sharing your trumpet with us this year as we celebrate 100 years of Memorial Park.
