June 2021

I want to share my deep gratitude and appreciation for all the members of the Champlain Heights Annex community. I am grateful for the support that you have provided the school over the past 3 and half years. I will truly miss this wonderful school community and will have many fond memories of my time here. The students, staff and families in this small but tight knit community are amazing and I will never forget what I have learned here.

I know that you will be in excellent hands with Ms. Amber Burma. She will be a wonderful leader at our school and brings a wealth of experience to her new role. We have been working together to ensure that she has knowledge of the many stories that make our school community so special. She will be visiting the school to meet with staff and students before the end of the year.

Good Byes

We will be saying a few good-byes to some of our Champlain Heights Annex staff this June. Ms. Reena Sian will be ending her temporary position here in the role of resource teacher at the end of June. We are so grateful for her support of student learning. Ms. Celina Calogero who has been a support staff in our school is going back to school in September to become a teacher. Ms. Talia Sorace who joined us for the last two months of school as a student support staff member will also be leaving our school and going onto university to get her teaching certificate as well. Finally, Ms. Laura Parsons is retiring and moving onto new and exciting adventures. We wish her the very best in her newfound freedom.

Thank you for all your patience and support through very different times. We will be in contact with families in the last week of August to let you know what the Vancouver School Board and the Ministry of Education have planned for school start up in September. The Champlain Heights Annex staff team wish everyone a safe and happy summer.

Sincerely,
Ms. Sharon Vieira
Vice Principal, Champlain Heights Annex

'Songs Are Our Healing' Live

From the VSB Indigenous Education Department

Everyone welcome and encouraged to virtually attend!

On May 24th we all became aware that the remains of 215 children were found at the Kamloops Indian Residential School site on the Tk'emlups te Secwépmc Nation.

This week the revelation of this national tragedy brought us together in deep sadness for and acknowledgment of the 215 children whose remains have been found, and in support for those in the Indigenous Education Department, intergenerational survivors and community members impacted by the devastating news and the lasting impact of the residential school system. We wore orange to express our solidarity. Flags were lowered to acknowledge and pay respect.

Song and singing are very important to Indigenous Communities. 'As we have been taught, 'the more we sing, the more we heal'. On June 9th, 215 hours will have passed, and we invite you to sing with us:

On Wednesday June 9th we are inviting our Learning community to join us in this virtual healing time:

When: 11:10-11:30

Where: Link to the Livestream the More we sing the more

heal: <https://youtu.be/UoPYNFKaaxs>

Program:

- Opening remarks – Indigenous Education Department
- 2 minutes 15 seconds of silence
- Songs led by the Indigenous Education Department: Chief Dan George Song, Cherokee Morning Song (words attached)
- Closing remarks – Suzanne Hoffman, Superintendent

The content is developmentally appropriate for all age groups and the length of time of the event was chosen to be cognizant of our younger students. We are always mindful about the emotional safety of our community, please share the details of the event with Counselling staff, in case a student(s) needs support.

This is a community event so please feel free to share the link with members of your broader community. The song sheets can also be shared. We dedicate this event to the 215 children and families of the Secwépmc and Nlaka'pamux peoples. The more we sing, the more we heal.
