

Message from the Principal

Dear Lord Byng Students, Families and Community Members,

As you are all aware there was an accident on January 30, 2024, involving a student from our school at the corner of Wallace Street and 16th Avenue. Everyone here at the school is deeply saddened by this accident and our thoughts and prayers are with the student and their family at this very difficult time.

Throughout the week, our school community has been supported by the VSB Critical Incident Response Team that has been assisting the school’s counselling team to support students and staff who have been impacted by the incident.

If your child needs support in dealing with the impact of this accident, please let the school know so we can arrange counselling assistance.

Additionally, many families and community members have reached out to the PAC and the school to seek ways to improve traffic and pedestrian safety in the school zone area on 16th Avenue.

The Byng PAC will facilitate an opportunity for students’ families to bring their ideas and to voice their concerns at the next PAC meeting planned for Wednesday February 7, at 7:00 p.m. in the school library.

I am deeply grateful to the Byng PAC for providing this support for our school at this challenging time.

Mr. Wilmann – Lord Byng Principal

School News

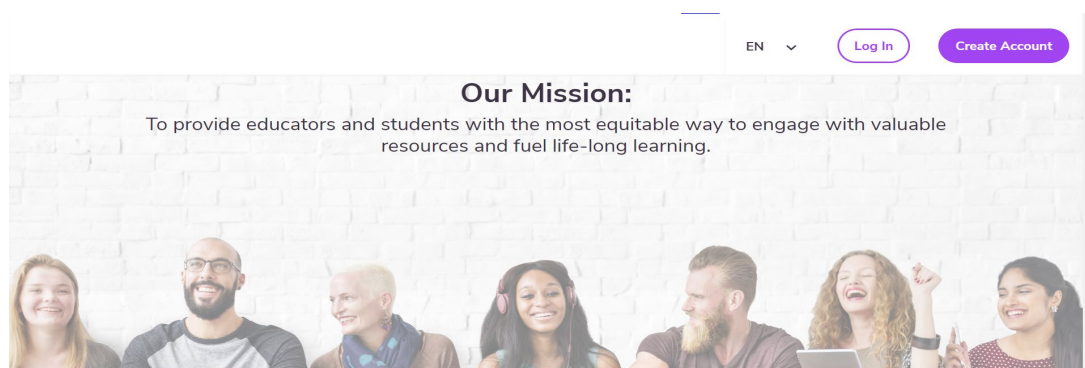

We are now down to the last 3 days of formal instructional time for S1 and as a school community are continuing to provide incredible opportunities for all our learners. Thank you to all of you for working so hard to complete final assignments, complete assessments, and work to provide engaging and active learning experiences for students at our school.

A major accomplishment from the past week was the formal recognition of Byng students for the incredible work that they have completed as part of the Career Education Grade 10 Program. As part of the CLC Program the entire grade 10 class was enrolled by the Program coordinator Ms. Kim Chong-Ping into the Chatterhigh online learning platform.

The program offers programming that includes **Social and Emotional Learning**, mental health and wellness education, career planning and a variety of other active learning opportunities.

Social and Emotional Learning

How do we nurture the social and emotional wellbeing of all our students?

Thanks to the efforts of our Career Education Teachers and Career Education 10 students the school has been formally recognized as the coming in second place on Canada's Most Informed School on the AAAA leaderboard for Let's Talk Canada's Most Informed School Competition.

Staff and students met to receive their awards on Tuesday that included a \$900 cheque for the school as well as cheques for students that had been recognized for their exceptional efforts.

Great job Byng and thank you to all the Career Education 10 staff that have supported students along this learning journey:

Ms. Rupi Sadhra, Ms. Hattie Chen, Ms. Kim Chong-Ping, Ms. Michelle Moldowan, Ms. Jesssica Erwin, Mr. Nick Boulding, Mr. Kevin Sandher.

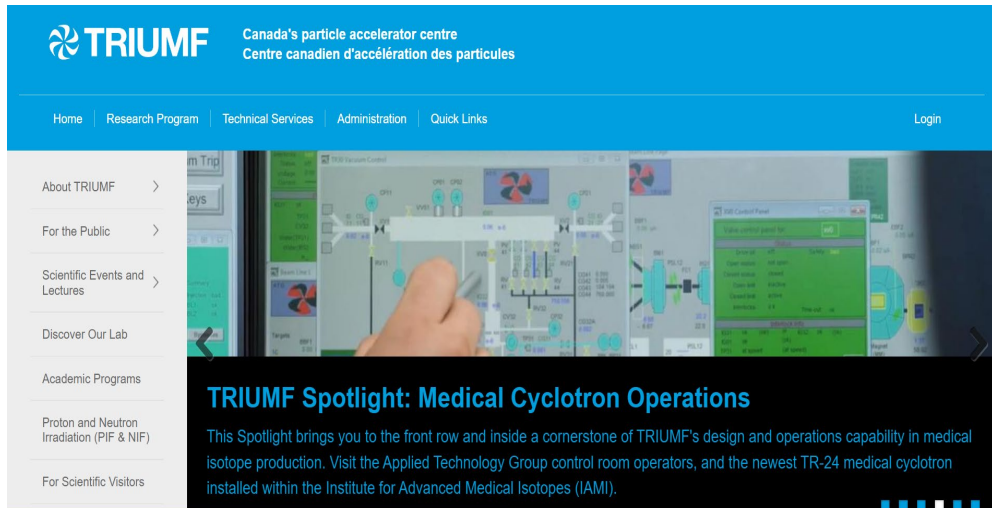

Figure 1 Byng students and staff are recognized for their online contribution to the Chatterhigh learning platform.

Other Highlights Included:

- ELC Students Visit the TRIUMF Particle Accelerator and find out about the future of nuclear physics.

- Personal Passion comes to life with photography student learning how to use an antique camera.
- Dance Brings Learning to Life in Physical Education and French classes at Byng.
- Strings and Choir Perform for the Byng Community

ELC Students Visit the TRIUMF Particle Accelerator and find out about the future of nuclear physics.

Mr. Koscal and Ms. Adrienne Conner took the ELC class onto the UBC campus to find out about nuclear physics and the contribution of the research centre to the progress of modern science.

[TRIUMF](#) is Canada's particle accelerator centre. From the hunt for the smallest particles in the universe to the development of new technologies, including next-generation batteries and medical isotopes, TRIUMF is pushing the frontiers in research to advance science, medicine, and industry.

Students had an opportunity to ask questions and to engage in an interactive learning opportunity providing them with another chance to discover the inner workings of this important science research facility in our own backyard!

Figure 2 ELC Students receive firsthand information from scientists as they tour the TRIUMF research facility on Friday.

Student Engagement

How do we build student curiosity and imagination in the process of lifelong learning?

Personal Passion comes to life with photography student learning how to use an antique camera.

Supporting students to develop a personal passion for learning is one of the key goals of the Revised BC Curriculum and is clearly reflected in the Core Competencies of Learning. One example of this is the Capstone 12 Final Project in which students prepare a passion project focused on a key area of learning and connected to a long-term career goal.

Throughout their 8-12 learning journey students can develop their skills and create ideas for possible Capstone 12 Projects. One good example of a student project that may lead to a further Capstone 12 project was completed in a Grade 11 photography class by Grade 11 student Alex Tuppurainen.

Here is an update on the project in which Alex works with antique photography equipment and develops photographs using chemicals in the studio dark room:

Film photography is extremely important for me. Unlike digital photography, film allows the mind to ponder, encouraging the photographer to take time framing and planning before every shot. Every image takes many days to create. For the process, I first set up the camera. Then I shoot 4 photographs onto 4x5 negative paper. Last, I take the paper and develop it in the darkroom. The entire process is done in the dark because the paper is light sensitive. It is extremely rewarding to have an image that worked out after such a lengthy process.

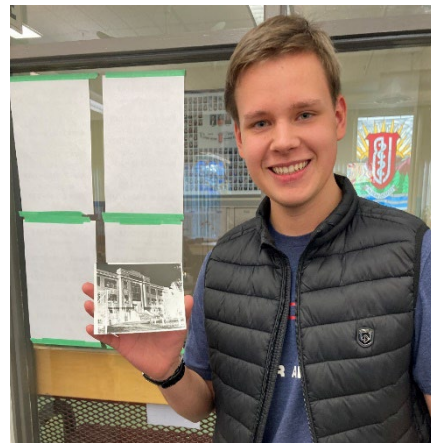

Figure 3 Step 1 setting up the camera.

Figure 5 Step 3 Mission Accomplished!

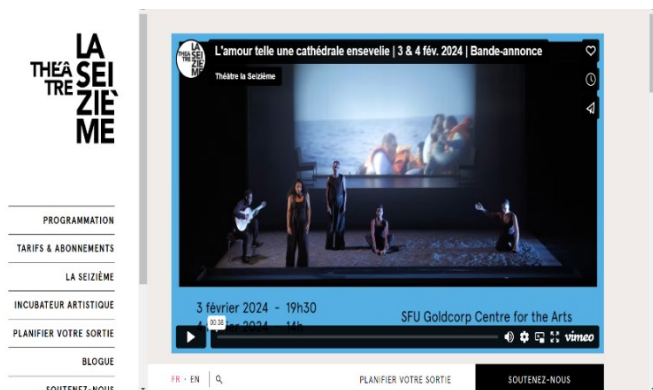

Active Learning and Student Engagement

Other examples this week of Student engagement through Active Learning included students learning how to dance Bollywood style in Dance classes and to engage in Improv Theatre in French classes.

Here is a quick look at some of this learning with an update from Modern languages Department Head Ms. Shelby Calman:

All of the French classes participated in improv workshops with the [company Théâtre la seizième](#).

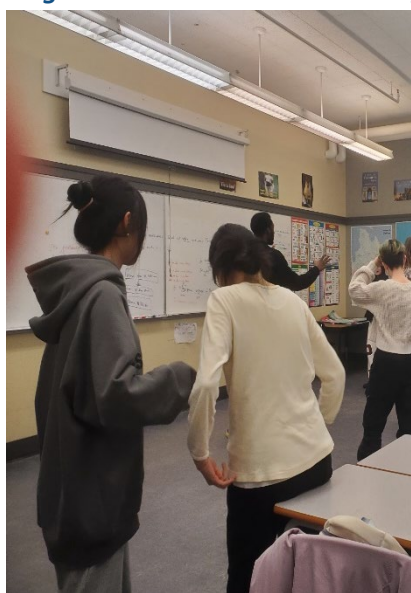

They got to spend time learning how to use French skills in a different context and the workshops were a great opportunity for students to work on their social-emotional skills.

Social and Emotional Learning

How do we nurture the social and emotional wellbeing of all our students?

Figure 6 Students learn both language and social and emotional literacy in this workshop facilitated by [company Théâtre la seizième](#)

Meanwhile students in the Grade 11 classes with Ms. Kim Chong-Ping learned how to dance Bollywood style in a dance class that was both fun and active as well as inclusive supporting the school's Inclusion and Diversity Pillar of Learning.

Inclusion and Diversity

What pedagogical practices can we use to support all our learners?

Figure 7 Bollywood dancing brings Inclusion and Diversity to life in this Grade 11 Dance Class.

Strings and Choir Perform for the Byng Community

It was a night to remember with both Choir and Strings performing on a rainy Wednesday and Friday night in the LB Auditorium.

Figure 8 Musical Choir Director Ms. Lan leads the LB Junior Choir on Wednesday evening.

Figure 9 LB Strings and Choir perform side by side in the beautiful concert held at the school this week!

Thank you, Ms. Lan and Ms. Anderson, for two incredible evenings showcasing both the hard work and skill of your student performers!

School Nurse Visit

Did you know our public health nurse Alana has office hours at lunch time every other Monday?! Come in to introduce yourself and feel free to ask any questions. Everyone is welcome! 😊

Byng Athletics

Lord Byng Ultimate Frisbee Team

The last tryout for the Lord Byng Ultimate Frisbee team is on Monday, February 5th from 3:30-5pm on the field by our tennis courts. Please email Ms. Chen (hnchen@vsb.bc.ca) if you have questions. Thank you.

Track and Field

Track and Field is starting! Anyone interested in being on the school track and field team this year, please sign up with Mr. Jack in the PE office. Pre-season training will take place at 7:45 am, in the gym, every Tuesday and Thursday in February. Starting in March, most practices will be after school from 3:30 to approximately 5 pm at Camosun Park (days of the week have not been determined yet). Some specialty practices, like hurdles and high jump, will continue to take place in the mornings. Competition days are also to be determined. A full schedule will be available after Spring Break.

Also, after Spring Break, meetings will take place every Monday at lunch in the main gym. If there is no school on a Monday, the meeting will be on a Tuesday.

The Track and Field team is the largest team in the school. It is co-ed and all grades. We don't make cuts (no one will be eliminated from the team). The team won 11 City Championships in a row ending in 2023. Last year, we placed second to Kitsilano, so this year we will try to recapture the title. Despite our competitive nature, we are still an all-inclusive team. We encourage students of all abilities to join. Managers are also needed. The Track and Field team is a great way to get involved at Byng, work on your general fitness, improve your strength, power, speed, and endurance for another sport, or make new friends.

Mr. Jack
