3. NEW BUSINESS

3.1. Vancouver Board of Education Committee and Representative Assignments and the Vancouver Board of Education School Liaison Trustees

The Chairperson introduced the recommendation for the Vancouver Board of Education Committee and Representative Assignments and the Vancouver Board of Education School Liaison Trustees. In response to a question from a trustee, the Chair explained the process that was followed in assigning the list of trustee representatives outlined in the report.

Moved by S. Mah, seconded by D. Okeefe, that the Board approve the Vancouver Board of Education Committee and Representative Assignments and the Vancouver Board of Education School Liaison Trustees, effective November 9, 2026.

CARRIED UNANIMOUSLY

3.2 Question from Trustee Cardwell regarding DPAC Funding

The Secretary Treasurer responded to Trustee Cardwell's question on DPAC historical funding levels, noting that staff can provide trustees with the reimbursements provided to DPAC in prior years. She directed the Board to Administrative Procedure 110, which governs DPAC expense reimbursements, and clarified that funding was based on actual expenses incurred under this administrative procedure, not a fixed annual amount.

3.3 Question from Trustee Sigurdson regarding Child Care Report

In response to Trustee Sigurdson's question, the Secretary Treasurer explained that the child care report was part of the annual board work plan and was scheduled for review by the Facilities Planning Committee in February 2027.

3.4 Question from Trustee Brown regarding the Budget Process Timeline

In response to Trustee Brown's question, the Secretary Treasurer reported that the Finance and Personnel Committee meeting scheduled for November 18, 2026 would address the financial planning process and timeline and seek input from inherent rights holders, stakeholders, and trustees. She further noted that this input would inform a plan to be presented to the Board for approval on December 2, 2026.

4. TRUSTEE MOTIONS AND NOTICES OF MOTION

4.1. Consideration of Late Notice of Motion Regarding Proposed Amendments to Policy 7 and Policy 8

The Chairperson referred to the report in the agenda package, ***Consideration of Late Notice of Motion Regarding Proposed Amendments to Policy 7 and Policy 8***, a copy of which was on file with the meeting agenda. She reported that Trustee Cardwell had submitted a Notice of Motion proposing that amendments to Policy 7: Board Operations and Policy 8: Board Committees be referred to the Policy and Governance Committee for review, consultation and recommendations. She noted that, as the notice of motion was submitted late on November 5, 2026, a two-thirds majority vote was required to consider it at this meeting before the substantive motion could be addressed.

Moved by S. Cardwell, seconded by M. Cheng, that the Board approve consideration at this meeting of the late Notice of Motion submitted by Trustee Steve Cardwell regarding proposed amendments to Policy 7: Board Operations and Policy 8: Board Committees, as set out in Attachment A to this report.

Trustee Cardwell provided his rationale for consideration of the late notice of motion.

During discussion, the Board Chair reminded trustees that they would now be voting on whether to consider the notice of motion at this meeting. Following deliberation, the Board voted on the motion.

CARRIED UNANIMOUSLY

The Chairperson asked Trustee Cardwell if he would like to move the recommendation to the proposed amendments to Policy 7 and Policy 8.

Moved by S. Cardwell, seconded by R. Brown, that the Board refer the proposed amendments to Policy 7 - Board Operations and Policy 8 - Board Committees, set out in the accompanying full-policy redline, to the Policy and Governance Committee for review, consultation with inherent rights holders and stakeholder representatives, and recommendations;
AND THAT the Policy and Governance Committee report back to the Board as soon as practicable with recommendations on the proposed amendments and any consequential legal, procedural or technical changes required for implementation, with final policy adoption reserved to the Board.

Trustee Cardwell provided rationale for the referral motion, and discussion ensued.

Trustees commented on the motion to refer noting the need for sufficient time for engagement of inherent rights holders, stakeholders, community partners and students. Following discussion, trustees voted on the motion.

CARRIED UNANIMOUSLY

4.2. Notice of Motion: Living wage

Moved by R. Brown, seconded by S. Cardwell, that the VSB reinstate the Living Wage effective January 2027.

Trustee Brown and Trustee Cardwell provided rationale for the proposed motion.

The Chairperson requested that Vice-Chairperson Cardwell assume the chair, so that she could move a recommendation.

Moved by S. Mah, seconded by J. Strilesky, that the Board refer the following motion to the Finance and Personnel Committee:
That the VSB reinstate the Living Wage effective January 2027.

Trustee Mah assumed the Chair.

Trustees provided their rationale for the referral motion, then voted on the motion.

1. Policy Review and Development Work Plan

The Superintendent presented a report dated November 18, 2026, titled ***Policy Review and Development Work Plan.*** The report includes information on the responsibility of the Policy and Governance Committee in ensuring Board policies are reviewed at least once in a four-year term and includes a recommendation.

She highlighted the requirements of Policy 10, Policy Development, and discussed the priority framework guiding the recommended review dates for each policy. The Secretary Treasurer then summarized some of the work that has already been directed by the Board, as well as the draft four-year work plan. Further, she explained the suggested policy groupings based on reasoning for coordinated reviews. She concluded by noting the implementation and annual review process of this work plan.

Committee members, trustees and stakeholder representatives provided feedback, and staff answered questions and provided clarification on various points.

There was unanimous consent from committee members to forward the following recommendation to the Board for consideration:

THAT the Board approve the draft Four-Year Board Policy Review and Development Work Plan outlined in this report as the framework for policy work during the Board's term.

At 5:49 pm, on the advice of the Secretary Treasurer and in light of the time remaining in the scheduled meeting, the Chairperson of the Committee proposed proceeding with item 1.2, Policy 1 – Foundational Statements and Strategic Plan Engagement, and deferring item 2.1, Appeal Policy and Procedures Bylaw Review, to a future meeting.

Committee members were in unanimous agreement.

2. Policy 1 – Foundational Statements and Strategic Plan Engagement

The Superintendent presented a report dated November 18, 2026, titled ***Policy 1 – Foundational Statements and Strategic Plan Engagement.*** The report includes information on the current Education Plan that guides the work across the VSB, and highlights Ministry requirements and the previous development processes undertaken by the District to inform the current Plan as embedded under Policy 1.

The Superintendent provided a brief overview of the Provincial Planning Framework and background on the development of the 2022-26 Education Plan, as well as the feedback collected from the past Policy and Governance Committee. She informed participants that all input received from the committee discussion would inform the development of the 2026-30 Education Plan and the Policy 1 – Foundational Statements planning and engagement process and timeline.

The audio was muted while the broadcast remained live as stakeholders and committee members participated in the small group discussion.

Trustee O'Keefe left the meeting at 6:14 pm.

The committee discussion was guided by the following questions and is summarized below:

1. What information about the current Education Plan, student outcomes and FESL should be shared before asking for input? What Ministry requirements or other constraints should be explained at the outset?
2. Whose voices should be included and whose voices might we be missing? How can we include their voices to make participation meaningful, inclusive and proportionate to the decisions under consideration?
3. If this engagement is successful, what do you hope to see as the final result?
4. Is there anything else you would like to share that is important to inform next steps in the development of a new strategic plan, Policy 1 – Foundational Statements and Policy 21 – Anti-Racism and Non-discrimination?

Feedback gathered from the discussion is summarized below:

Inclusive and Equitable Engagement

- Include diverse and underrepresented voices, particularly priority learners, people with lived experience and those most affected by decisions.
- Inclusion of voices from all parties, including adult learners, early learners, multi-generational families, neighbourhood, community and non-profit partners
- Make participation accessible and meaningful through plain language, translation, technology and approaches tailored to different audiences.
- Incorporate Indigenous perspectives and ways of knowing and decolonize the engagement process.
- Make engagement ongoing and adaptable, rather than a one-time consultation.
- Prevent epistemic injustice: ensuring we build enough knowledge for people to engage when there is a power imbalance

Transparency, Trust and Shared Understanding

- Be transparent about Ministry requirements, constraints, current outcomes and areas for improvement.
- Build a shared understanding by helping participants understand the information and context needed to engage meaningfully.
- Create opportunities for participants to hear and understand one another's perspectives, helping to rebuild trust in the engagement process.

Defining and Measuring Student Success

- Establish a clear and inclusive definition of student success that reflects equity, fairness and different understandings of success.
- Use both quantitative measures and qualitative experiences, including student outcomes, attendance, completion rates, MDI, How Are We Doing? data, voices and stories.
- Draw on past plans, current evidence and Indigenous ways of knowing to inform how success is measured and future priorities are set.

The Chairperson noted that if committee members and stakeholders had additional comments they could provide written feedback to STOffice@vsb.bc.ca.

There was unanimous consent from committee members to forward the following recommendation to the Board for consideration:

THAT the Board of Education:

1. **establish an Ad Hoc Strategic and Associated Policies Renewal Committee to support the Board in the development and renewal of the Vancouver School District's Strategic Plan and updates to Policy 1 and Policy 21, with the Committee's work to be completed by June 30, 2027;**
2. **approve the following terms of reference for the Ad Hoc Committee:**
    - **to provide governance oversight and guidance for the process to renew the District's Strategic Plan and Policy 1 and Policy 21;**
    - **to review information, evidence and input gathered through the renewal process;**
    - **to consider input received from inherent rights holders, students, families, staff, stakeholders and the broader community;**
    - **to provide direction on the development of a proposed renewed Strategic Plan and Policy 1 and Policy 21 for consideration and approval by the Board; and**
    - **to report regularly to the Board on the progress of the renewal process;**
3. **establish the Ad Hoc Committee membership as four representatives, appointed by the Chairperson of the Board, with the Chairperson of the Board also appointing the Chairperson of the Ad Hoc Committee;**
4. **extend invitations to representatives of the inherent rights holders and stakeholder groups identified by the Board to participate in meetings of the Ad Hoc Committee and contribute to the Strategic Plan and Policy 1 renewal process;**
5. **direct that the Ad Hoc Committee be supported by the Superintendent, who will appoint appropriate resource staff and subject matter experts and determine their respective roles, responsibilities and reporting requirements; and**
6. **direct that the Ad Hoc Committee cease to exist upon completion of its mandate, anticipated no later than June 30, 2027.**

The Chairperson of the Committee advised that item 2.1 Appeal Policy and Procedures Bylaw Review, would be addressed at the next Policy and Governance Committee meeting.

The meeting adjourned at 6:36 pm.

GOAL: Goal 2: The Vancouver School Board will increase equity by…

OBJECTIVE: Improving stewardship of the district's resources by focusing on effectiveness, efficiency, and sustainability

INTRODUCTION

The Policy Review and Development Work Plan is presented to the Board for approval at the recommendation of the Policy and Governance Committee.

BACKGROUND

Policy 10 – Policy Development establishes policy development as a key responsibility of the Board. It defines Board policies as broad, value-based directives that articulate the Board's expectations, values and strategic direction and establish the framework within which the superintendent and staff operate.

Policy 10 further provides:

> "The Board, in cooperation with the Superintendent, shall evaluate each policy in a timely manner in order to determine if it is meeting its intended purpose. The Board shall review all policies at least once in a four-year term and to ensure that compliance with legislation, regulations and legislative mandate is maintained."

The VSB's current policy framework includes the policies listed below.

A structured multi-year work plan would provide the Committee and Board with a transparent process for meeting Policy 10's four-year review requirement while avoiding the need to review the entire policy framework near the end of a Board’s term.

PROPOSED POLICY REVIEW AND DEVELOPMENT WORK PLAN

A structured four-year work plan is proposed in alignment with the Board’s responsibility under Policy 10 to review all Board policies at least once in a four-year term. The work plan uses the later of the policy’s adoption date or most recent substantive review or amendment date to establish the regular review cycle.

The four-year cycle is a planning framework and does not override higher-priority policy work. Board direction, amendments required by legislative or regulatory change, and policy direction or requirements from the Ministry of Education and Child Care must be given priority. Reviews already underway should also be completed before lower-priority cyclical work is initiated.

Priority framework

- Specific direction of the Board, including direction to develop a new policy or review an existing policy;
- Legislative or regulatory changes requiring a new policy or amendments to an existing policy;
- Policy direction or requirements from the Ministry of Education and Child Care or Ministry of Infrastructure;
- Policy reviews already underway;
- Policies reaching or exceeding their four-year review date; and
- Other policy work identified through the Committee's annual review of the work plan.

Current Board-directed and in-progress work

Policy	Current direction or status	Proposed timing
Policy 1 – Foundational Statements	The review and update should be coordinated with the Education Plan update	Complete by June 2027; coordinate with Policy 21
Policy 7 – Board Operations	The Board has referred Policy 7 to the committee to be reviewed as soon as possible. (Attachment A)	January 2027 – priority; coordinate with Policy 8
Policy 8 – Board Committees	The Board has referred Policy 8 to the committee to be reviewed as soon as possible. (Attachment A)	January 2027 – priority; coordinate with Policy 7
Policy 21 - Anti-Racism and Non-discrimination	The review should be coordinated with the Education Plan update.	2026/27 - coordinate with Policy 1 review and update
Naming and Renaming of Facilities	The Board has directed development of a new policy with advice from the Indigenous Education Council.	2026/27 – priority

Suggested sequencing and policy groupings

Policy grouping	Policies	Reason for coordinated review
Board governance and operations	Policies 2, 3, 4, 5, 7, 8 and 9 Appeal Policy and Procedures Bylaw	These policies and bylaw define the roles of the Board, individual trustees, Board leadership, committees, meetings and external representation. Related amendments should be assessed for consistency.
Board–Superintendent governance	Policies 10, 11 and 12	These policies address policy development, delegation of authority and the superintendent's role and should operate as a coherent governance framework.

Policy grouping	Policies	Reason for coordinated review
Personnel and accountability	Policies 15, 16 and 23	These policies address appointment authority, indemnification and public-interest disclosure. Review should consider legislative compliance and related administrative procedures.
Equity, inclusion and reconciliation	Policies 1, 17, 18, 21 and the new Naming and Renaming policy	These policies engage the Board's foundational commitments, student voice, human rights, equity and reconciliation. The appropriate role of the Indigenous Education Council and inherent rights holders should be identified for each review.
Facilities and financial stewardship	Policies 14, 19, 20 and 22	These policies concern school closure, accumulated surplus, land disposition and child care use of facilities, with significant statutory, Ministry and public-interest considerations.

Draft Four-Year Board Policy Review and Development Work Plan

The draft schedule below assigns policies to the school year in which the four-year anniversary of the later of adoption or last substantive review normally falls. Policies already overdue, together with Board-directed and in-progress work, are placed in 2026/27. The Committee may move lower-priority cyclical reviews to a later year where required to accommodate mandatory or Board-directed work.

Year	Priority policy work	Rationale / sequencing
2026/27	Policies: 1, 7, 8, 17, 21 New Naming and Renaming of Facilities Policy Appeal Policy and Procedures Bylaw	Complete work underway and Board-directed priorities first. The Appeal Policy and Procedures Bylaw is recommended for review to ensure alignment with current legal framework.
2027/28	Policies 2, 3, 4, 5, 9; 22 and 23	Prioritize the governance policies interconnected with Policies 7 and 8 so the Board governance framework can be reviewed coherently following any amendments made in 2026/27. Policies 22 and 23 are also due under the four-year cycle and may be sequenced through the year or carried forward if higher-priority work requires capacity.
2028/29	Policies 10, 11, 12, 15 and 18	Review the policy-development, delegation and Superintendent governance framework together. Policy 10 reaches four years in October 2028; Policies 11, 12, 15 and 18 are advanced from Year 4 to balance the workload and allow coordinated review.

Year	Priority policy work	Rationale / sequencing
2029/30	Policies 6, 14, 16, 19 and 20	Policy 6 always is reviewed in advance of a local general election. Policies 14 and 20 must be reviewed together and policies 16 and 19 are due for review under the four-year cycle.

IMPLEMENTATION AND ANNUAL REVIEW

At the beginning of each school year, a draft updated work plan will be presented to the Policy and Governance Committee. The update will identify Board-directed work, legislative and regulatory changes, Ministry policy direction, reviews underway, policies due or overdue, work carried forward and any proposed new policies.

When a new priority is added, the update will identify its effect on the approved schedule and recommend which lower-priority work should be deferred. When a policy is substantively reviewed or amended, its next regular review date should reset based on the date of that review or amendment.

Where a Board policy is amended, the superintendent will also assess whether related administrative procedures require corresponding updates to maintain consistency with Board policy and applicable legal requirements.

RECOMMENDATION

THAT the Board approve the draft Four-Year Board Policy Review and Development Work Plan outlined in this report as the framework for policy work during the Board's term.

Vancouver School Board

ITEM 5.1.2.2

December 2, 2026

TO: **Board of Education**

FROM: **Policy and Governance Committee**

RE: **Policy 1 – Foundational Statements and Strategic Plan Engagement**

INTRODUCTION

This report is presented for approval at the recommendation of the Policy and Governance Committee.

BACKGROUND

Boards of education and school districts are expected to develop multi-year strategic plans that guide operations over several years and illustrate a clear focus on improving student learning outcomes. The strategic plan, alongside the Framework for Enhancing Student Learning (FESL) report provide the north star for a school district. From this flows alignment across the school district with the financial planning processes, school and operational plans. Strategic planning and directions are a critical element of the governance of a school district.

VSB's current Education Plan guides the District's work through 2026 and is embedded in Policy 1 – Foundational Statements. Policy 1 includes the values statement, equity statement and the Board's goals and objectives.

VSB's Education Plan was developed with the support of a contracted facilitator with input from inherent rights holders, students, their families, staff and stakeholder groups throughout 2021 and adopted by the Board in 2022.

The plan was rolled out in fall 2022, just prior to the previous Board being elected. As a result, the former Board did not have the opportunity to participate fully in the development of the current plan while being accountable to advance it's goals and objectives.

At the June 17, 2026, public Board meeting, staff recommended and the Board approved that a newly elected Board should have the opportunity to help shape the District's strategic direction early in its term, as this supports stronger alignment between Board priorities, district planning and implementation. The current Education Plan will remain in place through the 2026-27 school year while an updated plan is developed for implementation beginning in the 2027-28 school year.

The Board must determine an appropriate process to review the current plan and develop the next strategic plan and related updates to Policy 1.

Where a Board policy is amended, the superintendent will also assess whether related administrative procedures require corresponding updates to maintain consistency with Board policy and applicable legal requirements.

MINISTRY GUIDANCE ON STRATEGIC PLANNING

The Ministry of Education and Child Care's 2026 A Guide to Effective Planning and Reporting in the B.C. K-12 Education Sector supports boards of education and district leadership teams in developing and implementing strategic plans and reporting on student outcomes.

The provincial framework: what is the Framework for Enhancing Student Learning?

The Framework for Enhancing Student Learning (FESL) brings together the Ministry's Framework for Enhancing Student Learning Policy and the Enhancing Student Learning Reporting Order, Ministerial Order M302/2020. It requires boards to maintain a strategic plan, report annually on student outcomes and establish processes to continuously improve learning. Its focus is success for every student, with particular attention to equitable outcomes for Indigenous learners, children and youth in care, and students with disabilities or diverse abilities.

FESL focuses on three areas of student success. Intellectual development considers whether students meet or exceed literacy and numeracy expectations across grade levels. Human and social development considers whether students feel welcome, safe and connected at school, have a sense of belonging, and feel that adults care about them. Career development considers whether students graduate and have the core competencies needed to achieve their career and life goals.

What a strategic plan does

A strategic plan sets the District's multi-year direction to support student success as outlined in the FESL policy. In VSB, the Education Plan is the District's strategic plan. A well-developed strategic plan includes mission, vision and values; learning-focused priorities; objectives; timelines; and the engagement process used to develop the plan. Priorities should be informed by student learning evidence and meaningful engagement.

Board direction and staff implementation

The infographic below prepared by the Ministry shows the components of the *Strategic Planning and Reporting Process* and the shared responsibility between the Board and staff.

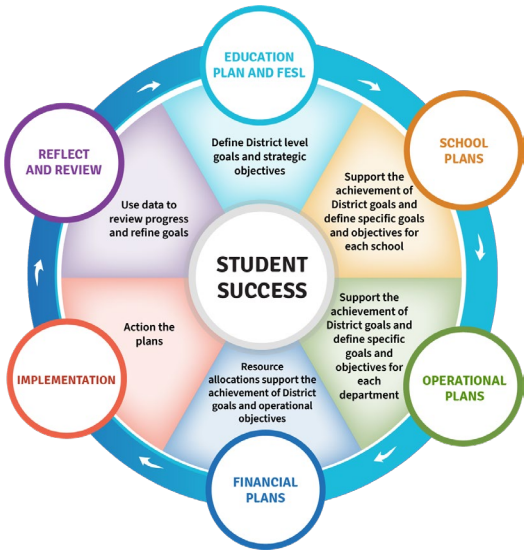

Annual reporting and continuous improvement

Each year, every school district must report on intellectual development, human and social development, and career development through the Enhancing Student Learning Report. Drawing on provincial assessment results, surveys and graduation rates, districts identify strengths and areas for growth and adjusts strategies and resources to improve student outcomes. This annual review supports implementation of the multi-year Education Plan.

Connecting educational priorities and resources

The Education Plan provides direction for school learning plans, operational plans and multi-year financial planning. These plans should work together so that staffing, professional learning, services and resources support the intended student outcomes. Financial decisions and educational priorities are therefore connected parts of the same planning and improvement process.

VSB Continuous Cycle of Improvement

PREVIOUS DEVELOPMENT PROCESS FOR VSB'S EDUCATION PLAN

Development of VSB's Education Plan was informed by a multi-stage knowledge gathering process beginning in May 2021. An ad hoc committee of four trustees with the support of senior team helped guide the work of staff and an independent contractor to assist in knowledge gathering and the development of the plan.

The process started with trustees and staff visiting more than 40 schools to hear directly from students.

This was followed by broad public surveys involving students, their families, staff and community members conducted by an independent contractor. More than 4,000 parents, guardians and caregivers, 1,550 students and 700 staff responded to the surveys.

A second phase included nine focus groups with more than 80 participants, including students, their families, teachers, administrators and stakeholder representatives. Meetings were held with inherent rights holders from xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish Nation) & səlilwətaɬ (Tsleil-Waututh Nation).

The Board reviewed the input gathered and together with District and Ministry information and developed the Education Plan adopted in 2022.

COMMITTEE DISCUSSION

At the November 12, 2025, Policy and Governance Committee meeting, participants engaged in small group discussion regarding the process for reviewing and updating Policy 1 – Foundational Statements. Feedback from that discussion emphasized the importance of gathering diverse perspectives through accessible and inclusive methods, including surveys, focus groups and targeted outreach. Participants highlighted the need to intentionally include voices that are often underrepresented in formal engagement processes, including marginalized communities, and to ensure that the review is informed by lived experience and current best practices.

At the November 18, 2026 meeting participants were invited to reflect on the previous Education Plan development process and provide input on the design of the new Education/Strategic Plan engagement process. The discussion was guided by the following questions:

1. What information about the current Education Plan, student outcomes and FESL should be shared before asking for input? What Ministry requirements or other constraints should be explained at the outset?
2. Whose voices should be included and whose voices might we be missing? How can we include their voices to make participation meaningful, inclusive and proportionate to the decisions under consideration?
3. If this engagement is successful, what do you hope to see as the final result?
4. Is there anything else you would like to share that is important to inform next steps in the development of a new strategic plan, Policy 1 - Foundational Statements and Policy 21 – Anti-Racism and Non discrimination?

Committee discussion identified several considerations for developing the engagement approach. These centred on providing a strong foundation for participation; broadening and diversifying whose voices are heard; reducing barriers to participation; recognizing different ways of understanding and defining student success; and demonstrating how engagement influences the resulting plans and policies.

Provide a clear foundation for informed engagement

Engagement should begin with an accessible, shared understanding of the district's current context, what has been learned and the requirements or constraints that may shape future decisions.

Participants suggested sharing information about the current Education Plan, student outcomes, the Framework for Enhancing Student Learning, Ministry requirements and relevant measures, including attendance, the *How Are We Doing?* report and the Middle Years Development Instrument. They also identified the importance of explaining progress under the current plan, lessons from previous planning cycles and how data and comparisons are interpreted.

Seek broad and equitable participation

Engagement should intentionally include people most affected by decisions and reach beyond those who typically participate.

Participants identified the Ministry's groupings for priority learners, young students, newcomers, SSAs and other support workers, adult and early learning educators, students' families, neighbourhood and community voices, non-profit partners and people with lived experience, among others. Multigenerational participation was also raised.

Design engagement around participants

Equitable engagement involves adapting engagement approaches to reduce barriers, rather than simply extending the same invitation more widely.

Participants called for plain language, translation, multiple ways to participate, age- and ability-appropriate approaches and creative methods for engaging younger students. Practical suggestions included holding engagement outside schools when school settings may not feel comfortable or safe for some participants, and considering supports such as food and honorariums.

Broaden how success, evidence and knowledge are understood

Engagement should draw on different forms of evidence and create space for communities to help define what student success means.

Participants called for qualitative and quantitative information, combining measurable student outcomes with participants' voices, stories and lived experiences. They also emphasized decolonizing the engagement process and the way success is understood, including honouring Indigenous ways of knowing and seeking input from the Indigenous Education Council.

Build transparency, reciprocity and trust

Engagement should provide opportunities for participants to understand what was heard, hear different perspectives and see how their input influenced the resulting plans and policy updates.

Participants suggested reporting back about what was learned and how the results reflected the engagement. They also emphasized opportunities for stakeholders to hear one another's submissions and identified transparency and reciprocity as important to strengthening trust.

CONCLUSION

Feedback received through the committee discussion will inform the planning and development of the 2026-30 Education Plan and Policy 1 Foundational Statements.

To advance the work in an expedited and efficient manner it is recommended that a small ad hoc committee be formed and tasked to support the Board in the development and renewal of a renewed strategic plan and Policy 1. The membership should include a minimum of four trustees supported by the superintendent. It is also suggested that Policy 21 – Anti-Racism and Non-discrimination be reviewed and aligned at the same time, due to the interconnectedness of the equity statement in the current Education Plan and the policy. The ad hoc committee will provide an update at the January 2027 regular public Board meeting.

RECOMMENDATION

THAT the Board of Education:

1. **establish an Ad Hoc Strategic Plan and Associated Policies Renewal Committee to support the Board in the development and renewal of the Vancouver School District's Strategic Plan and updates to Policy 1 and Policy 21, with the Committee's work to be completed by June 30, 2027;**
2. **approve the following terms of reference for the Ad hoc Committee:**
    - **to provide governance oversight and guidance for the process to renew the District's Strategic Plan and Policy 1 and Policy 21;**
    - **to review information, evidence and input gathered through the renewal process;**
    - **to consider input received from inherent rights holders, students, families, staff, stakeholders and the broader community;**
    - **to provide direction on the development of a proposed renewed Strategic Plan and Policy 1 and Policy 21 for consideration and approval by the Board; and**
    - **to report regularly to the Board on the progress of the renewal process;**
3. **establish the ad hoc committee membership as four representatives, appointed by the Chairperson of the Board, with the Chairperson of the Board also appointing the Chairperson of the Ad Hoc Committee;**

4. **extend invitations to representatives of the inherent rights holders and stakeholder groups identified by the Board to participate in meetings of the Ad Hoc Committee and contribute to the Strategic Plan and Policy 1 renewal process;**
5. **direct that the Ad Hoc Committee be supported by the superintendent, who will appoint appropriate resource staff and subject matter experts and determine their respective roles, responsibilities and reporting requirements; and**
6. **direct that the Ad Hoc Committee cease to exist upon completion of its mandate, anticipated no later than June 30, 2027.**

FINANCE AND PERSONNEL COMMITTEE

Wednesday, November 18, 2026

Committee Report to the Board, Wednesday, December 2, 2026

The Chairperson of the Committee called the meeting to order at 7:00 pm. He acknowledged with deep gratitude and respect, we are honoured to be learning and unlearning on the ancestral and unceded lands of the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish Nation) & səlilwətaɬ (Tsleil-Waututh Nation).

This meeting was live-streamed, and both the audio and visual recordings were also available to the public for viewing after the meeting. Footage from this meeting may be viewed from Canada or anywhere else in the world.

A master presentation detailing the flow of the agenda was shown throughout the meeting, a copy of which is on file with the meeting agenda.

1. Statement of Financial Information (SOFI)

The Executive Director of Finance presented a report dated November 18, 2026 titled ***Statement of Financial Information (SOFI).*** The report includes information on the Statement of Financial Information (SOFI) for School District No. 39 (Vancouver) for the period of July 1, 2025 to June 30, 2026. He outlined the items included in the SOFI as required by Section 2 of the *Financial Information Act,* including audited financial statements, schedule of debts, guarantee and indemnity agreements, severance agreements, remuneration for employees earning greater than $75,000, and identification of suppliers of goods and services greater than $25,000.

Committee members, trustees and stakeholder representatives provided feedback and staff answered questions and provided clarification on various points.

There was unanimous consent from committee members to forward the following recommendation to the Board for consideration:

THAT the Board approve the Statement of Financial Information for the fiscal year ended June 30, 2026.

2. Living Wage BC Employer Re-Certification

The Executive Director of Employee Services presented a report dated November 18, 2026 titled ***Living Wage BC Employer Re-Certification.*** The report includes information on the VSB's Living Wage certification history, details the Living Wage Program, provides an analysis and considerations of Living Wage re-certification, and includes a recommendation.

The Executive Director of Employee Services summarized the history of VSB's Living Wage Certification and the costs associated with being a certified Living Wage Employer. He provided an overview on what constitutes a living wage, wage rates across BC, and the certification program. He highlighted the labour relations considerations and risk exposures if the District were to re-certify. As an employer within the BC K-12 sector, the VSB does not have the legal ability to independently or unilaterally increase wage rates outside of the PSEC Compensation Framework or the regular collective bargaining cycle. Lastly, he noted that the recommendation forwarded to the Finance and Personnel Committee requires various considerations for VSB to regain the Living Wage Certification.

The Executive Director of Finance discussed the financial and operational risks associated with recertifying, including that the Province does not provide additional funding, the potential financial impacts through contractor costs, impacts to procurement bids and tenders, and recurring compliance needs. Further, the District has adopted a balanced budget for the current fiscal year, and no provision has been included for the incorporation of additional employee compensation, contracted services, or implementation and certification costs. He concluded by noting several key steps required to be carried out by staff prior to seeking recertification.

The Executive Director of Employee Services concluded by summarizing the presentation and providing rationale for the recommendation.

Trustee Cheng requested to move a motion for the creation of a policy on Living Wage Certification. The motion was not provided in writing for the record. The motion was not seconded.

The Chairperson of the Committee advised that there is already a recommendation related to this item in the agenda package.

Trustee Cheng clarified that her recommendation was for a policy to be set on the Living Wage Certification and for an annual review.

Trustee Mah challenged the ruling of the Chairperson and noted that this Committee is a standing Committee and not a full Board. She noted a mover and a seconder is required to move a motion.

The Chairperson of the Committee clarified that Trustee Cheng's recommendation was not accepted.

Trustee Mah retracted her challenge.

Trustee Cheng requested to amend the recommendation.

Amendment to the Recommendation

THAT the Board establish a policy for annual review of implementation of the Living Wage.

Trustee Cheng provided rationale for the amendment.

The amendment was not seconded and therefore not considered by the committee.

Moved by R. Brown, seconded by S. Mah, that the Board defer consideration of Living Wage BC certification to the 2027-28 financial planning process, including consideration of the financial implications, available funding, and applicable collective bargaining constraints.

Trustee Mah requested an amendment to the recommendation.

Amendment to the Recommendation

Moved by S. Mah, seconded by R. Brown, that the Board affirm support for recertifying as a Living Wage BC Employer and that the Board defer consideration of Living Wage certification to the 2027-28 financial planning process, including consideration of the financial implications, available funding, and applicable collective bargaining constraints.

Trustee Mah provided rationale for the amendment.

Following discussion, committee members voted on the amendment. The Chairperson asked if there were any trustees not in support of the amendment. There being none, the amendment was

APPROVED UNANIMOUSLY

There was unanimous consent from committee members to forward the following recommendation to the Board for consideration:

THAT the Board affirm support for recertifying as a Living Wage BC Employer and that the Board defer consideration of Living Wage BC certification to the 2027–28 financial planning process, including consideration of the financial implications, available funding, and applicable collective bargaining constraints.

3. 2026-27 First Quarter Financial Update

The Executive Director of Finance presented a report dated November 18, 2026 titled ***2026-27 First Quarter Financial Update.*** The report includes information on the financial results of the operating fund for the first three months ended September 30, 2026, compared to the budget for the same period.

He reviewed the year-to-date financial results compared to the budgeted amounts and provided background information on variances identified. The District reported an operating fund deficit primarily to timing differences between when the operating grant is received and when expenses are incurred throughout the fiscal year. He then summarized the statement of operations for the Special Purpose Fund, particularly the Classroom Enhancement Fund, and the Capital Fund. He concluded by highlighting actual enrolment numbers, and the estimated impact on the financial position of the District.

Committee members, and trustees provided feedback and staff answered questions and provided clarification on various points.

This was provided for information.

At 8:39 pm, on the advice of the Secretary Treasurer and in light of the time remaining in the scheduled meeting, the Chairperson of the Committee proposed foregoing the presentation of item 3.1 2027-28 Financial Planning Engagement Process and proceeding to the discussion portion of the item.

Committee members were in unanimous agreement.

4. 2027-28 Financial Planning Engagement Process

The Secretary Treasurer introduced the guiding questions for Committee discussion. Below are the questions presented to the committee members and stakeholders to guide the discussion:

Reflection on past engagement related to the financial planning processes
Looking back, what should we learn from previous engagements?

- What activities from previous financial planning engagement processes helped support inclusive, informed and meaningful participation? What should be retained?
- What aspects of previous financial planning engagement processes should be reconsidered as we design the 2027-28 process?

Engagement Process
What would make future engagement meaningful, accessible and inclusive?

- What engagement methods would make participation meaningful, inclusive and proportionate to the decisions under consideration?
- What, if anything, could make participation in financial planning easier or more useful?
- What information and context is needed to participate meaningfully and provide informed input?

Engagement Timing
When should engagement occur to have the greatest value?

- When should engagement begin so there is a genuine opportunity to influence budget priorities?
- When should engagement occur on specific proposals, options or trade-offs so feedback is informed and useful?
- How should engagement be timed and sequenced to enable for early input and opportunities to respond to the draft financial plan which includes specific proposals?

The Secretary Treasurer clarified that committee members and stakeholders can also provide additional written feedback or comments to STOffice@vsb.bc.ca. Feedback received will inform the development of the proposed 2027-28 financial planning and engagement process and timeline, which will be presented to the Board at the December 2, 2026 public Board meeting.

Committee members, trustees and stakeholder representatives provided feedback and staff answered questions and provided clarification on various points.

Feedback focused on two main areas: the financial planning timeline and opportunities for meaningful public and stakeholder engagement.

1. Financial Planning Timeline

- Provide more time between publication of the draft Financial Plan and Board consideration/adoption, allowing stakeholders and the public sufficient time to review and respond.
- Explore whether the Financial Plan could be considered or adopted later to create additional time for engagement.
- Build additional Public Delegation Board meeting dates into the schedule, including contingency dates where needed to accommodate increased participation.
- Recognize that the existing financial planning calendar is already compressed and that any changes need to account for statutory, Ministry and operational deadlines.

2. Public and Stakeholder Engagement

- Begin engagement earlier in the financial planning process, before the draft Financial Plan is developed, to hear broader priorities and perspectives.
- Provide a second opportunity for engagement after the draft Financial Plan is published, so participants can respond to the actual proposals.
- Consider town halls or community-based engagement sessions, including sessions held at schools or other locations across the District rather than concentrating engagement at the Board office.
- Use PACs, DPAC and other stakeholder networks to broaden awareness and participation.
- Provide stakeholders with clear, accessible and digestible financial information that can be shared with their respective communities.
- Support a two-way flow of information, allowing stakeholder representatives to take information back to their groups, gather feedback, and bring that feedback into the Board's financial planning process.
- Create opportunities for direct dialogue among trustees, stakeholders and members of the public, including opportunities for participants to hear and consider each other's perspectives.
- Clearly communicate how to participate, including meeting dates, registration requirements, public delegation processes and relevant financial planning materials.

The meeting adjourned at 9:04 pm.

ITEM 5.2.2.1

December 2, 2026

TO: **Board of Education**

FROM: **Finance and Personnel Committee**

RE: # Statement of Financial Information

Reference to Education Plan

GOAL: Goal 2: The Vancouver School Board will increase equity by:

OBJECTIVE: Improving stewardship of the district's resources by focusing on effectiveness, efficiency, and sustainability.

INTRODUCTION

In accordance with Section 2(3) of the *Financial Information Act* a school district must, within six months after the end of each fiscal year, prepare a statement of financial information (SOFI) for that fiscal year. Section 2(1) of the *Financial Information Act* directs that the statement of financial information be prepared in a form and containing information prescribed by the Lieutenant Governor in Council. This requirement is detailed in *Financial Information Regulation 371/93*.

The Statement of Financial Information is presented to the Board for approval at the recommendation of the Finance and Personnel Committee.

BACKGROUND

Financial Information Regulation 371/93 provides that the statements of financial information required by Section 2 of the *Financial Information Act* must be prepared in the form set out in Schedule 1 of the regulation. In addition to the audited financial statements the following additional schedules are also included, as stipulated in the Regulation:

- Schedule of debts
- Schedule of guarantee and indemnity agreements
- Schedule of employees earning greater than $75,000, the total remuneration paid to the employee and the total amount paid for the employee's expenses and a consolidated total of remuneration paid to all other employees
- Schedule of severance agreement
- Schedule identifying suppliers of goods and services greater than $25,000 and a consolidated total of all other payments made to suppliers of goods and services during the year

The financial statements contained in the SOFI report have been prepared by management in accordance with the accounting requirements of British Columbia Treasury Board Regulations 257/2010 and 198/2011 as directed by Section 23.1 of the *Budget Transparency and Accountability Act of British Columbia.* The financial statements are management's responsibility and have been prepared objectively and with integrity. Management is also responsible for implementing and maintaining a system of internal controls.

The external auditors, KPMG LLP, conducted an independent examination, in accordance with generally accepted Canadian auditing standards, and expressed their opinion on the financial statements that are included in the SOFI Report. As stated, the *Financial Information Act* requires additional schedules be included as part of the SOFI Report. However, the external auditors' examination does not extend to these other schedules.

DISCUSSION

Financial Information Regulation 371/93 prescribes the following definitions for the information included in the SOFI Report:

Debt

Long term debts secured by debt instruments such as debentures, mortgages, and bonds.

Guarantee and Indemnity Agreements

Any financial guarantee and indemnity agreements in force which required government approval prior to being given under the *Indemnities and Guarantees Regulation*.

Severance

An agreement made in lieu of a notice period, between an employee and employer, that may provide for one or more of the following:

1. A lump sum payment or periodic payments
2. Payment based on the employee's base salary, benefits, and length of service
3. Compensation, except compensation in the form of an early retirement incentive plan

Remuneration

The amounts listed under the column "remuneration" are defined as follows:

compensation means the sum of gross salary plus the value of benefits, where the employee's remuneration exceeds $75,000.

remuneration includes any form of salary, wages, bonuses, gratuities, taxable benefits, payment into trust or any form of income deferral paid by the corporation to the employee or on behalf of the employee during the fiscal year being reported upon, whether or not such remuneration is reported under the Income Tax Act (Canada) and does not include anything payable under a severance agreement.

Employee Expenses

The amount reported under expenses includes travel expenses, memberships, tuition, relocation, vehicle leases, extraordinary hiring expenses, registration fees and similar amounts paid directly to an employee, or to a third party on behalf of the employee, and which has not been included in remuneration and is not limited to expenses that are generally perceived as perquisites, or bestowing personal benefit, and may include expenditures required for employees to perform their job functions.

It is important to note that the report does not include any recovery of expenses. If an employee reimburses the District for any portion of an expenditure, the reimbursed amount is not deducted in the SOFI report. If an external grant reimburses the District for a portion (or all) of the costs, the gross amount of the expenditure is reported, and the recovery is not offset.

Supplier Payments

The Act defines the amounts to be included for payments made for the provision of goods or services as follows:

> The schedule of payments for the provision of goods and services must list the aggregate amount paid by the corporation during the fiscal year for the supply of goods or services rendered if the aggregate amount paid to each individual supplier exceeds $25,000.

A significant portion of the supplier payments represents contributions to pension and employee benefit plans and contractors for capital projects. Payments for employer contributions for statutory deductions (EI, CPP etc.) and employee benefit plans are included in this schedule.

CONCLUSION

Financial Information Regulation 371/93 requires that a statement of financial information prepared by a corporation, must be approved by its Board. The attached report complies with the disclosure requirements of the *Financial Information Act* and upon approval by the Board, it will be filed with the Ministry of Education and Child Care as required.

RECOMMENDATION

THAT the Board approve the Statement of Financial Information for the fiscal year ended June 30, 2026.

MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act.* Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

MANAGEMENT REPORT

Version: 3239-2493-9511

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 39 (Vancouver) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 39 (Vancouver) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a quarterly basis and externally audited financial statements yearly.

The external auditors, KPMG, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 39 (Vancouver) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education of School District No. 39 (Vancouver), and
To the Minister of Education and Child Care, Province of British Columbia

Opinion

We have audited the financial statements of School District No. 39 (Vancouver) (the Entity), which comprise:

- the statement of financial position as at June 30, 2026
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended June 30, 2026 of the Entity are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Financial Reporting Framework

We draw attention to Note 2(a) to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

KPMG LLP, an Ontario limited liability partnership and member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. KPMG Canada provides services to KPMG LLP.

Other Information

Management is responsible for the other information. Other information comprises:

- Unaudited Schedules 1-4 attached to the audited financial statements; and
- Information, other than the financial statements and auditor's report thereon, included in the Financial Statement Discussion and Analysis document.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the Information included in the Unaudited Schedules 1-4 attached to the audited financial statements and Management's Financial Statement Discussion and Analysis as at the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

  The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 Authority and Purpose

The School District, established on April 12, 1946, operates under authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 39 (Vancouver)", and operates as "School District No. 39 (Vancouver)." A Board of Education (Board) elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the District, and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care ("MECC"). School District No. 39 (Vancouver) is exempt from federal and provincial income taxes.

2 Summary of Significant Accounting Policies

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(f) and 2(n).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in Notes 2(f) and 2(n), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense.

As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

2 Summary of Significant Accounting Policies (continued)

d) Portfolio Investments

The School District has investments in Guaranteed Investment Certificates (GIC's), Short-term Investment Certificate and bonds that have a period to maturity of greater than three months at the time of acquisition. These investments are not quoted in an active market and are reported at amortized cost, and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issuance of a financial asset.

e) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods, receipt of proceeds for services or products to be delivered in a future period and the remaining balance of a 99-year ground lease. For tuition fees and the receipt of proceeds for services or products to be delivered, revenue will be recognized in that future period when the courses, services, or products are provided. For the ground lease, revenue will be recognized on a straight-line basis over the remaining term of the lease.

f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability, as detailed in Note 2(n).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met, unless the transfer contains a stipulation that creates a liability, in which case the transfer is recognized as revenue over the period that the liability is extinguished.

g) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2026 and projected to June 30, 2026. The next valuation will be performed at March 31, 2028 for use at June 30, 2028. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

2 Summary of Significant Accounting Policies (continued)

i) Pension Plans

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

h) Tangible Capital Assets

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction, as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined in which case the assets are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Amortization of tangible capital assets commences when the asset is available for productive use.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise.

  Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

2 Summary of Significant Accounting Policies (continued)

i) Asset Retirement Obligations

A liability is recognized when, as at the financial reporting date:

(a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;

(b) the past transaction or event giving rise to the liability has occurred;

(c) it is expected that future economic benefits will be given up; and

(d) a reasonable estimate of the amount can be made.

The liability associated with the remediation and removal of asbestos, lead in paint and other hazardous materials contained within certain School District-owned buildings was initially recognized using the modified retrospective method. Due to the uncertainty surrounding the timing and amounts of future cash outflows, the liability has been measured based on current cost estimates. The corresponding asset retirement costs have been capitalized as part of the carrying value of the related tangible capital assets and are amortized over the assets' remaining useful lives using the same basis as the associated tangible capital assets (see Note 2(h)).

During the year ended June 30, 2026, the School District completed a review of its asset retirement obligation estimates using updated information regarding the nature, extent, and current cost of required remediation and retirement activities. As a result of this review, the estimated obligation was revised, resulting in an increase to the asset retirement obligation liability and related tangible capital assets. The effect of the remeasurement is included in the changes reported in Note 10 to the financial statements.

The assumptions and estimates underlying the liability calculation are reviewed periodically and updated when new information becomes available or circumstances change.

j) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executory costs, e.g., insurance or maintenance costs. The discount rate used to determine the present value of the lease payments is the lower of the School District’s rate for incremental borrowing and the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

k) Prepaid Expenses

Prepaid annual maintenance contracts, prepaid rent and membership dues are included as a prepaid expense and stated at acquisition cost, and are charged to expense over the periods expected to benefit from it.

l) Supplies Inventory

Supplies inventory held for consumption or use are recorded at the lower of historical cost and replacement cost.

m) Funds and Reserves

Certain amounts, as approved by the Board, are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved.

2 Summary of Significant Accounting Policies (continued)

n) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received, or where eligibility criteria have been met, are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions, including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred;
- contributions restricted for site acquisitions are recorded as revenue when the sites are purchased; and
- contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful lives of the assets. Donated sites are recorded as revenue at fair market value when received or receivable. Nominal values are recorded where fair market value cannot be reasonably determined.

The accounting treatment for restricted contributions that are government transfers is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met, unless the transfer contains a stipulation that meets the criteria for liability recognition, in which case the transfer is recognized over the period that the liability is extinguished.

Revenue from transactions with performance obligations is recognized when (or as) the performance obligation is satisfied (by providing the promised goods or services to a payer).

Revenue from transactions with no performance obligations is recognized when the School District:

(a) has the authority to claim or retain an inflow of economic resources; and

(b) identifies a past transaction or event that gives rise to the asset.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

o) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- The Superintendent, Deputy Superintendent, Associate Superintendents, Secretary-Treasurer, Directors, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

2 Summary of Significant Accounting Policies (continued)

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and indigenous education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals' and Vice-Principals' salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

p) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, portfolio investments, accounts receivable, accounts payable and other current liabilities.

Except for portfolio investments in equity instruments quoted in an active market, or items designated by management, that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

The School District has not invested in any equity instruments that are actively quoted in the market and has not designated any financial instruments to be recorded at fair value. The School District has no instruments in the fair value category.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense. Interest and dividends attributable to financial instruments are reported in the statement of operations.

Unless otherwise noted, it is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from its financial instruments. The fair values of these financial instruments approximate their carrying value, unless otherwise noted.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

2 Summary of Significant Accounting Policies (continued)

q) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
  - is directly responsible; or
  - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

r) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, asset retirement obligations, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

3 Other Receivables

The decrease in amounts due from municipalities primarily reflects the collection of $19 million from the City of Vancouver that was outstanding at June 30, 2025. The allowance for doubtful accounts represents management's estimate of amounts that may not be collectible.

	June 30, 2026	June 30, 2025

4 Portfolio Investments

Portfolio investments consist of guaranteed investment certificates, including a short-term investment certificate, and senior government bonds. These investments are not quoted in an active market and are reported at cost or amortized cost. At June 30, 2026, the guaranteed investment certificates earned interest at a weighted-average rate of 3.77%, and the senior government bonds earned interest at a weighted-average rate of 2.88% (2025: 2.71%).

8 Deferred Capital Revenue

Deferred Capital Revenue (DCR) includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by the Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired.

9 Employee Future Benefits

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

10 Asset Retirement Obligation

Legal liabilities exist for the removal and disposal of asbestos and other environmentally hazardous materials (lead in paint, fuel tanks) within some School District owned buildings that will undergo major renovations or demolition in the future. A reasonable estimate of the obligation has been recognized using the modified retrospective method as at July 1, 2022.

10 Asset Retirement Obligation (continued)

During the year ended June 30, 2026, the School District completed a review of its asset retirement obligation estimates using updated information regarding the nature, extent, and current cost of required remediation and retirement activities. As a result of this review, the estimated obligation was revised, resulting in an increase to the asset retirement obligation liability and related tangible capital assets. Accretion previously recognized was reversed to conform with the current-cost measurement approach. The effect of the remeasurement is included in the changes reported in the continuity schedule below.

12 Tangible Capital Assets (continued)

As at June 30, 2026, there was work in progress of $65,982,171 (2025 – $53,565,681) included in Buildings and not being amortized.

No tangible capital assets were acquired through capital leases in the current year (2025 – $1,839,120).

13 Employee Pension Plans

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusteed pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the plans, including investment of assets and administration of benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2024, the Teachers' Pension Plan has about 51,000 active members and approximately 42,000 retired members. As of December 31, 2024, the Municipal Pension Plan has about 256,000 active members, including approximately 31,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry- age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2023, indicated a $4,572 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2024, indicated a $2,675 million funding surplus for basic pension benefits on a going concern basis.

The school district paid $53,296,765, for employer contributions to the plans for the year ended June 30, 2026 (2025: $54,146,757).

The next valuation for the Teachers' Pension Plan will be as at December 31, 2026, with results available in late 2027. The next valuation for the Municipal Pension Plan will be as at Dec 31, 2027 with results available in late 2028.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

15 Contractual Obligations

The School District has entered into multiple-year contracts for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met.

	$ 8,191,479	$ 640,111	$ 100,000	$ 299,500

16 Contingent Assets

In fiscal year ended June 30, 2019, the School District entered into an agreement with BC Hydro for the sale of an underground air parcel at Lord Roberts Annex for the construction of an electrical substation. As a result of that sale, a contingent contractual right exists in the form of a construction lease. The issuance of the construction lease is dependent on BC Hydro receiving a Certificate of Public Convenience and Necessity from the British Columbia Utilities Commission for the construction of the substation.

In January 2022, VSB received an arbitration award regarding the annual ground lease rent for the site on which Kingsgate Mall occupies. The District has been invoicing the tenant annual rent based on the arbitration ruling, and the tenant has been paying a lower rent amount. Beedie Development LP challenged the arbitration award determining the market value of Kingsgate Mall for setting rent for the next lease renewal period. On December 20, 2024, the court set aside the 2022 award and determined the market value based on the 1.0 FSR outright use, setting the rent for the third renewal period at $1,650,000 per annum. The B.C. Court of Appeal upheld this decision.

VSB is seeking leave to appeal this decision to the Supreme Court of Canada. The collectability of the amount invoiced depends on the outcome of the appeal.

Contingent assets are not recorded in the financial statements.

17 Contingent Liabilities

In the ordinary course of business, VSB has legal proceedings brought against it. It is the opinion of management that final determination of these claims will not have a material impact on the financial positions or operations of VSB.

The District is involved in ongoing legal proceedings initiated by the Conseil Scolaire Francophone de la Colombie-Britannique (the "Conseil") against His Majesty the King in Right of the Province of British Columbia, the MECC, and the VSB. The proceedings are related, in part, to the Conseil's claim that it is entitled to the fee simple transfer of specific school sites from the School District to the Conseil. The Conseil has also claimed that there should be court orders overriding the District's school closure and surplus disposal policies and compelling MECC to exercise powers under the School Act to require the fee simple transfer of such school sites.

The Conseil filed a Notice of Civil Claim on December 22, 2020, initiating the lawsuit and seeking the fee simple transfer of the Queen Elizabeth Annex (QEA) to the Conseil. The Conseil filed its Third Amended Notice of Civil Claim on August 26, 2022, expanding the relief sought to include additional sites in Vancouver and other communities. On July 28, 2023, the Conseil filed its Fourth Amended Notice of Civil Claim, seeking the fee simple transfer of the QEA site, the Laurier Annex site, and the Dr. A.R. Lord site.

17 Contingent Liabilities (continued)

On May 23, 2025, after a nine month long trial, the British Columbia Supreme Court issued reasons for judgment. Regarding the claims against VSB, the Court dismissed the Conseil's claim that fee simple transfers were necessary to give effect to s. 23 rights under the Canadian Charter of Rights and Freedoms (minority French language education rights). Instead, the Court found that s. 23 rights could be fulfilled through the use of long-term leases as suggested by VSB. The Court ordered that a transfer of tenure, either long term lease or fee simple, of QEA be made and the VSB fulfilled that order by granting a 99-year ground lease to the CSF. The Court ordered that VSB must make Laurier Annex site available for a transfer of tenure, again either long term lease or fee simple transfer, subject to decisions being made by the MECC and the Conseil. The Court dismissed the Conseil's claim in relation to the Dr. A.R. Lord site because there was insufficient evidence of failed negotiations between VSB and the Conseil at this point in the time to justify an order.

The Conseil filed an appeal of the Court's order and in particular the order dismissing their claim that a fee simple transfer is necessary to give effect to the s. 23 rights. This appeal will likely be heard in late 2026.

An estimate of the remaining costs to defend the legal case is included as a financial provision appropriated from surplus realized in prior years. The outcome of these legal proceedings is uncertain and the financial impact on the school district cannot be determined at this time. VSB continues to defend against the Conseil's claims.

According to a directive from MECC, remedies funded from the Classroom Enhancement Fund are payable only where an agreement has been reached with the applicable teachers' association. As at June 30, 2026, no agreement had been reached with the Vancouver Secondary Teachers' Association for remedies relating to the 2024-25 fiscal year, or with either Vancouver teachers' association for remedies relating to the 2025-26 fiscal year. As a result, the amount and likelihood of any obligation cannot be reasonably estimated.

18 Budget Figures

Budget figures reflect the amended annual budget approved by the Board on February 25, 2026. The School District has elected to present the amended annual budget as it reflects a budget based on funding as a result of final enrollment numbers versus estimated annual projections. As the 2025/26 Amended Annual Budget is used for comparative purposes, a reconciliation between the 2025/26 Annual and the 2025/26 Amended Annual Budgets is provided below:

21 Economic Dependence

The operations of the School District are dependent on continued funding from MECC and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

22 Related Party Transactions

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities and crown corporations. The School District is also related to key management personnel who have the authority and responsibility for planning, directing and controlling the activities of the School District. The key management personnel are the Board of Education, Superintendent of Schools and the Secretary Treasurer. All transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

23 Risk Management

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are held by recognized British Columbia institutions and the School District invests solely in guaranteed investment certificates, term deposits, Senior Government Bonds and the Central Deposit Program of BC.

b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates.

23 Risk Management (continued)

It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk because it invests solely in guaranteed investment certificates, term deposits, and Senior Government Bonds.

c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from June 30, 2025, related to credit, market or liquidity risks, with the exception of additional exposure to market risks from tariffs. The School District is monitoring the potential impacts and options to mitigate risks arising from tariffs and cross border trade.

School District
Statement of Financial Information (SOFI)

The Board of Education of School District No. 39 (Vancouver)

Fiscal Year Ended June 30, 2026

EXPLANATION OF DIFFERENCES TO AUDITED FINANCIAL STATEMENTS

As the SOFI is reported on a cash basis and the audited financial statements of the Board of Education of School District No. 39 (Vancouver) are prepared on an accrual basis, differences may exist between these separate sets of statements.

The salaries paid to employees as well as the payments disbursed to suppliers for goods and services and employee benefit premiums are disclosed on the audited financial statements as expenses, net revenues, capitalized costs, or changes in accounts receivable and accounts payable.

Differences between the audited financial statements (Statement 2 – Statement of Operations) and the combined totals of the Schedule of Remuneration and Expenses are primarily as follows:

- Remuneration includes any form of salary, wages, taxable benefits, payment into trust or any form of income deferral paid by the Board to an employee but does not include anything payable under a severance agreement.
- Remuneration for individual employees can include payouts for vacation, retirement allowances, and compensatory time not taken in addition to regular salary and taxable benefits for auto allowances for employees who regularly use their personal vehicles for school district business.
- Salary and benefits amounts recovered from third parties are not deducted from remuneration for SOFI purposes.
- Expenses include travel expenses, memberships, tuition, relocation, vehicle leases, registration fees and similar amounts paid directly to an employee, or to a third party on behalf of an employee, and which have not been included in remuneration.
- Employee benefits and overhead costs are allocated to the same programs, and in the same proportions as the individual's salary, but are not included in remuneration for SOFI purposes.
- The taxable benefits are included in the Remuneration column of the Schedule of Remuneration and Expenses. The same amount is included in the Schedule of Payments Made for the Provision of Goods or Services for payments made to benefit carriers.

Differences between the audited financial statements (Statement 2 – Statement of Operations) and the Schedule of Payments Made for the Provision of Goods or Services are primarily as follows:

- Payments made for the provision of goods and services include all payments made from operating, special purpose, and capital funds for the supply of goods and services.
- Supplier payments include amounts deducted from employees' pay for tax remittances, contributions to pension and employee benefit plans (including the employees' share of contributions), union dues, and contractors for capital projects.
- The list of payments to suppliers include 100% of taxes paid, whereas the expenditures in the financial statements are shown net of the GST rebate.
- Payments to suppliers may be reported on the financial statements as Prepaid Expenses, Tangible Capital Assets, or Services and Supplies, as appropriate.
- The schedule may include expenditures which are wholly or partially recovered or reimbursed from other organizations, thereby reducing the amount reported in the operating expenditures within the financial statements.

RE: # Living Wage BC Employer Re-Certification

Reference to Education Plan

GOAL: Goal 2: The Vancouver School Board will increase equity by …

OBJECTIVE: Improving stewardship of the district's resources by focusing on effectiveness, efficiency, and sustainability.

INTRODUCTION

At the November 9, 2026 Special Public Board Meeting, the Board referred the following motion to the Finance and Personnel Committee for further consideration:

> "That the VSB reinstate the Living Wage effective January 2027."

The Vancouver School District became a certified Living Wage BC employer effective January 31, 2022, and was re-certified in May 2023 and May 2024. The District was unable to re-certify in 2025 and 2026 because wage rates for certain unionized employee classifications fell below the applicable Living Wage rate, and VSB could not adjust those wage rates outside the collective bargaining process and provincially approved compensation mandates.

The Finance and Personnel Committee reviewed this matter at its meeting of November 18, 2026 and made the following recommendation:

"THAT the Board affirm support for recertifying as a Living Wage BC Employer and that the Board defer consideration of Living Wage BC certification to the 2027–28 financial planning process, including consideration of the financial implications, available funding, and applicable collective bargaining constraints."

BACKGROUND

VSB first considered becoming a certified Living Wage Employer in 2015. On July 6, 2015, a trustee submitted a proposal requesting that staff report on the implications of certification. The motion was considered by the Board on September 28, 2015, and referred to the appropriate Standing Committee.

On October 7, 2015, Committee IV – Personnel & Staff Services recommended that the Board begin the process of applying to become a Living Wage Employer. A follow-up report presented on February 3, 2016 outlined the certification requirements, including the requirement that VSB employees and employees of contracted service providers be paid at least the applicable Living Wage. The report also noted that PSEC approval would be required for wage increases outside approved compensation mandates.

The matter remained under consideration over the following several years. In January 2017, the Living Wage proposal was requested to be brought forward to a future meeting. In September 2018, it was reported that no action had resulted from the 2015 motion and that further investigation was required. In December 2019, the Board received a report from the Living Wage for Families Campaign.

By June 2021, staff had further reviewed the certification requirements and reported that District employees were generally being paid at or above the applicable Living Wage. The Board requested additional information on the steps, timelines, and costs associated with certification. A follow-up report was presented on October 13, 2021, setting out an action plan and timeline for certification.

On October 25, 2021, the Board unanimously approved proceeding with Living Wage Employer certification and directed that an implementation plan be submitted by January 2022.

The Vancouver School District became a certified Living Wage BC employer effective January 31, 2022, and subsequently re-certified in May 2023 and May 2024. Maintaining certification required the District to ensure that applicable employees of contracted service providers also received the Living Wage. During 2023 and 2024, the District incurred more than $700,000 in annual supplemental costs for one contracted service provider to top up the wages of its employees to meet Living Wage requirements.

Throughout this period, the vast majority of VSB employees were paid at or above the applicable Living Wage. A small number of employee classifications were paid below the Living Wage but qualified for exemptions based on the nature or duration of their employment, including certain student workers and apprentices.

The Living Wage increased from $20.52 per hour in 2022 to $27.05 per hour in 2025, an increase of approximately 32% over three years. These increases were greater than the wage increases available to VSB under provincial public-sector compensation mandates established by PSEC.

By 2025, the wage rate for one classification of casual unionized employees was $1.36 per hour below the applicable Living Wage. As the wages for these employees were established through the collective bargaining process, VSB could not independently increase the rate beyond the compensation mandate approved by PSEC. As a result, the District was unable to meet the requirements for Living Wage re-certification in 2025.

The District was also unable to re-certify in 2026 because applicable wage rates continued to fall below the Living Wage requirements. The Board's November 9, 2026, referral therefore requires consideration of what would be necessary for VSB to regain Living Wage certification, including the applicable Living Wage rate, employee and contractor wage impacts, collective bargaining and PSEC constraints, and the financial implications for the District.

LIVING WAGE PROGRAM

Living Wage BC administers the employer certification program. The Canadian Centre for Policy Alternatives supports the research and calculation of regional Living Wage rates in British Columbia.

A certified Living Wage Employer is expected to ensure that its direct employees and applicable contract workers receive the Living Wage for their region. For a large employer, certification requires an implementation plan that demonstrates how the organization will meet the program requirements. The calculation may consider base wages and the value of eligible non-statutory employer-paid benefits, such as extended health benefits.

The Living Wage is recalculated annually to reflect changes in basic household costs. As a result, certification is not tied to a fixed wage threshold. The required rate may increase each year independently of the timing and amount of wage increases available under VSB’s collective agreements.

Metro Vancouver Living Wage Rates

Applicable Year	Living Wage Rate	Percentage Change
2022	$20.52	n/a
2023	$24.08	17.35%
2024	$25.68	6.64%
2025	$27.05	5.33%
2026	$27.85	2.96%
2027	$28.55	2.51%

From 2022 to 2027, the Living Wage increased by $8.03 per hour, or approximately 39.13%. This change illustrates the risk exposure created by committing to an externally determined benchmark that is updated annually.

The certification framework provides limited exemptions for specified categories of workers, based on factors such as the nature and duration of the work. Certification also extends to applicable service contracts and subcontracted work. Accordingly, Living Wage increases may affect both VSB's employee compensation and the cost of contracted services.

ANALYSIS

Seeking certification would create continuing financial and operational risks because the Living Wage is an externally determined annual rate, while unionized wage rates are established through multi-year collective agreements negotiated within the provincial public-sector bargaining framework.

Collective agreement and provincial mandate limitations

There is a structural mismatch. The Living Wage may change annually, while VSB wage rates are negotiated for the term of a collective agreement. The current term of affected collective agreements is July 1, 2025 to June 30, 2029. The Board does not have unilateral authority to increase negotiated union wage rates whenever the Living Wage changes. Wage increases for unionized employees are governed by collective agreements, the provincial bargaining process, and compensation mandates established by PSEC and implemented through the British Columbia Public School Employers' Association (BCPSEA). If the Living Wage rises above a negotiated classification rate during that term, VSB may have no lawful or approved mechanism to increase the rate solely to maintain certification. This limitation remains even if the Board is prepared to fund the incremental cost.

Financial risks

Employee compensation risk. Future Living Wage increases may exceed negotiated increases for one or more unionized classifications. VSB may be unable to address the gap until collective bargaining occurs, and any adjustment would remain subject to the provincial compensation framework.

Contractor cost risk. Applicable service contractors and subcontractors may need to increase employee compensation to meet certification requirements. VSB incurred more than $700,000 in supplemental costs for only one contract during 2023 and 2024. Future costs would depend on the Living Wage, affected contracts, contractor staffing and wage structures, and contract renewal timing.

Budget and funding risk. The Province does not automatically provide additional operating funding when the Living Wage increases. The District could therefore be required to absorb higher employee or vendor costs within its existing operating budget.

Recurring compliance risk. Certification in one year would not ensure that VSB could remain certified in later years. A future Living Wage increase could again place one or more negotiated wage rates below the required threshold for reasons outside the Board's control.

Procurement and market risk. Requiring contractors to meet the Living Wage may increase bid prices, reduce the number of qualified bidders, or require contract amendments. The financial effect may not be known until procurements are completed or existing contracts are renegotiated.

Certification therefore represents an ongoing commitment to respond to an annual external benchmark. For a provincially funded school district, the central governance risk is that the Board may be responsible for meeting a certification standard without having full control over the negotiated wage rates, provincial compensation mandates, or operating funding required to maintain that standard.

FINANCIAL PLANNING CONSIDERATIONS

The District has adopted a balanced budget for the current fiscal year. No provision has been included in that budget for the additional employee compensation, contracted services, implementation, or certification costs that may be required to regain Living Wage certification.

The cost of certification cannot yet be determined. It will depend on the applicable Living Wage rate, the employee classifications and service contracts affected, the treatment of eligible benefits and exemptions, contractor staffing and wage structures, and whether any changes to negotiated union wage rates are permitted within the provincial compensation framework. These costs could be material, structural, and ongoing.

Seeking certification effective January 2027 could therefore create an unbudgeted pressure in the current fiscal year and an ongoing commitment in future years. Proceeding before the full costs and funding sources are known would be inconsistent with an orderly and transparent financial planning process.

Accordingly, consideration of Living Wage certification should be deferred to the regular 2027–2028 financial planning process. This would allow the Board to consider certification alongside other District priorities and available funding, informed by the applicable Living Wage rate, a complete assessment of employee and contractor costs, and confirmation of any collective bargaining and provincial compensation constraints.

PATH FORWARD

Participation in the Living Wage BC certification program is voluntary. The Board must therefore consider whether formal certification remains the most appropriate way to advance its commitment to fair compensation within VSB's collective bargaining, funding, and procurement environment.

Before seeking re-certification, staff would need to:

- assess all employee classifications after eligible benefits and exemptions are considered against the 2027 Living Wage announced on November 19, 2026;
- confirm whether any affected unionized wage rates can be changed under existing collective agreements and the provincial compensation mandate;
- identify all affected service contracts and subcontractors and estimate the cost of compliance;
- assess one-time, annual, and multi-year budget impacts, including the risk that future Living Wage increases exceed provincial funding and negotiated wage increases;
- confirm the implementation plan, reporting requirements, fees, and timeline required by Living Wage BC; and
- determine whether compliance can be sustained for the full period contemplated by the Board, rather than achieved for only one certification cycle.

The principal limitation remains the treatment of unionized employees. VSB cannot guarantee ongoing certification where the Living Wage is adjusted annually but the District's authority to adjust union wage rates is governed by multi-year collective agreements and provincial compensation mandates. Unless the provincial framework provides a mechanism to address future Living Wage increases, VSB could regain certification and later lose it again for reasons outside the Board's direct control.

The Board may also wish to consider a VSB-specific fair wage framework as an alternative to external certification. Such a framework could maintain a commitment to fair compensation while distinguishing between matters the Board can control, such as procurement requirements for future contracts, and unionized wage rates established through provincially mandated collective bargaining.

RECOMMENDATION

THAT the Board affirm support for recertifying as a Living Wage BC Employer and that the Board defer consideration of Living Wage BC certification to the 2027–28 financial planning process, including consideration of the financial implications, available funding, and applicable collective bargaining constraints.

RE: # 2027-28 Financial Planning Process

Reference to Education Plan

GOAL: Goal 2: The Vancouver School Board will increase equity by…

OBJECTIVE: Improving stewardship of the district's resources by focusing on effectiveness, efficiency, and sustainability.

INTRODUCTION

The Board of Education is responsible, through the superintendent of schools, for overseeing the educational and operational activities of the district and for all statutory requirements of provincial legislation to implement educational standards and policies. The approval of the annual budget is one of those responsibilities under the *School Act,* specifically school districts must annually approve, by bylaw, a balanced budget for the next fiscal year and submit it to the Ministry of Education and Child Care by June 30 of the current fiscal year. To allow financial planning decisions to take effect on July 1, 2027, the financial plan for the upcoming year must be approved no later than April 30, 2027.

Consistent with Board Policy 2,, this report presents the proposed budget process and timeline for Board approval, informed by discussion at the November 18, 2026, Finance and Personnel Committee meeting and subsequent written submissions from stakeholder representatives.

LEGAL AND POLICY CONSTRAINTS

The financial planning process timeline and format is constrained by legislation, policy, collective agreements or implementation timelines outlined in this section.

The school district is required to prepare and submit budgets to the Minister of Education and Child Care, in the form, with the information, and at the time required by the Minister. The annual budget must be prepared in accordance with the Accounting Practices Order, Section 23.1 of the Budget Transparency and Accountability Act, Regulations 257/2010 and 198/2011 issued by the Province of BC Treasury Board the Financial Planning and Reporting Policy and the K-12 Accumulated Operating Surplus Policy.

School Act financial requirements

The Board must prepare and adopt an annual budget in the form required by the Minister, with estimated expenditures generally not exceeding estimated revenues.

VSB must submit projected enrolment by **February 15** for purposes of the operating grant calculation.

The Minister must establish and announce provincial funding for boards, including applicable operating grant formulas and amounts, by **March 15.**

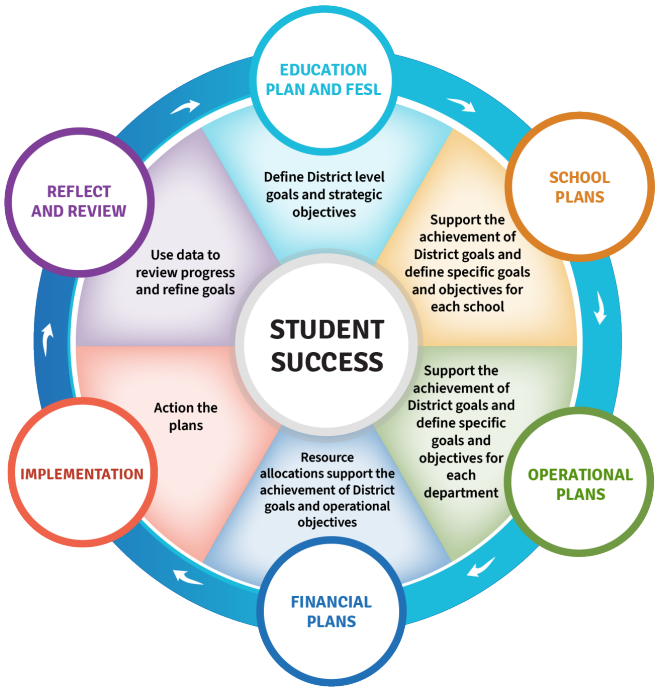

The Board must adopt the annual budget by bylaw and submit it to the Ministry by **June 30**.

Provincial election and Budget 2027

Given the October 24, 2026 provincial election, the outside statutory date for presenting the 2027-2028 provincial budget is April 30, 2027. The March 15 school district funding announcement may therefore precede the new government's first provincial budget.

Ministry financial planning requirements

The Ministry of Education and Child Care's K-12 Public Education Financial Planning and Reporting Policy requires transparent, accountable, outcome-based and multi-year planning. Financial plans should demonstrate how resources support the District's strategic plan, operational requirements and student outcomes, identify significant assumptions and risks, and explain how engagement informed decisions.

Framework for Enhancing Student Learning

The financial planning process must be aligned with the Framework for Enhancing Student Learning and the Enhancing Student Learning Reporting Order, Ministerial Order M302/2020. Proposed reductions, reallocations and investments should be considered against student outcomes, equity, belonging, literacy, numeracy, graduation, vulnerable or priority populations and operational sustainability.

DISTINCT ROLE OF THE INDIGENOUS EDUCATION COUNCIL

The Indigenous Education Council (IEC) has a distinct statutory role. Its involvement should extend beyond general consultation opportunities, such as surveys or public meetings, to ensure its unique responsibilities and perspectives are appropriately reflected.

Statutory purposes

Under s. 87.001 of the *School Act*, each board must establish and maintain an IEC. Its purposes include advising the Board on comprehensive and equitable programs and services for Indigenous students, improving Indigenous student achievement, integrating Indigenous world views and perspectives into learning environments, advising on grants related to Indigenous students, and advising on the distinct languages, cultures, customs, traditions, practices and history of the Nations in whose traditional territory the Board operates.

The *School Act* expressly provides that the IEC is not a committee of the Board under s. 65(2)(a). This distinction should be reflected in the engagement schedule, meeting format, records of advice and approval pathways.

Approval authority for targeted grants

Under s. 87.002, where the Minister directs a targeted grant under s. 106.4 that relates to Indigenous students, the IEC must approve the Board's plan for the grant and the Board's proposed spending before the grant is spent. After the grant is spent, the Council must approve the Board's report, if any, on that spending.

Consultation and governance framework

Section 87.003 permits the Minister to order a board to consult with the IEC, or specified Council members, on a specified matter. Sections 87.004 and 87.005 establish the framework for ministerial orders and Council governance rules relating to composition, appointments, voting rights, terms of reference and conduct of business. Trustees and Board employees may not be voting members of the Council.

Implications for the financial planning process

Engagement with the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish Nation) & səlilwətaɬ (Tsleil-Waututh Nation) and engagement with the IEC should be identified separately from general stakeholder consultation.

The IEC should have an early opportunity to advise about engagement design, relevant evidence and priorities affecting Indigenous students.

The schedule must reserve sufficient time for gathering the IEC's advice and, where targeted grants are involved, formal approvals before spending decisions are implemented.

The Board should receive the IEC's advice and applicable approvals in a manner that preserves the IEC's distinct statutory status.

LABOUR AND IMPLEMENTATION REQUIREMENTS

Because salaries and benefits represent a substantial majority of operating expenditures, significant budget measures may have workforce and collective agreement implications. June 30 is the legal budget deadline, but it is too late to make some decisions intended for July 1 implementation.

Group / authority	Indicative minimum notice period	Practical latest date for July 1 implementation	Implementation significance
Vancouver Teachers' Federation	At least 30 calendar days	April 30 - May 31	Written notice effective at the end of a term; consultation and layoff/recall provisions apply.
CUPE Local 15	Three months to Union; employee notice varies based on seniority	April 1	A July 1 change may require direction or notice around April 1.
CUPE Local 407	20 working days to Union; 2-8 weeks to employees. Notice varies based on seniority.	Early May where the 8 weeks' notice applies	Seniority, recall, posting and minimum staffing provisions must be reviewed.
IUOE Local 963	2 weeks to 3 months. Notice varies based on seniority.	April 1 where the 3-month maximum applies for employees with 3+ years seniority.	Prompt notice and meaningful consultation on alternatives may be required.
Trades (BCVSBCMTU)	2 weeks, ESA for long serving employees (up to 8 weeks)	Early May where the 8 weeks' notice applies	Prior to layoffs being announced.

Group / authority	Indicative minimum notice period	Practical latest date for July 1 implementation	Implementation significance
Employment Standards Act (ESA), s.64- group termination	8-16 weeks depending on the number affected	March 11-May 6	Group thresholds and individual notice obligations must both be considered.
Employment Standards Act (ESA), individual termination	Up to 8 weeks, depending on length of service	Early May 2027 for maximum ESA notice	Group thresholds and individual notice obligations must both be considered.
Labour Relations Code, s. 54- Adjustment Plan	At least 60 days	April 30	Significant changes affecting terms, conditions or security of employment and collective agreement obligations may trigger notice and adjustment-plan discussions with various bargaining units.

BUDGET ESTIMATES DEVELOPMENT PROCESS

In developing the 2027-28 operating budget, the objective is to maintain, to the extent possible, a level of programs and services comparable to those provided in 2026-27, while ensuring that the Board adopts a balanced budget.

Operating and financial decisions will be informed by the Education Plan 2026 and the priorities identified through the Framework for Enhancing Student Learning report.

VSB continues to face cost pressures arising from factors such as inflation, collective agreement wage increases, employee benefit costs, and the costs associated with operating and maintaining an aging portfolio of school facilities. These cost pressures may not be fully offset by increases in provincial funding or other revenues.

The development of the 2027-28 annual budget will include the following key activities:

- Development and approval of the 2026-27 Amended Annual Budget, incorporating updated enrolment, revenue and expenditure forecasts and other changes identified since adoption of the annual budget.
- Development and submission of three-year enrolment projections to the Ministry of Education and Child Care (MECC) to support funding projections and multi-year financial planning.
- Development of the 2027-28 base budget, including:
    - revenue and expenditure estimates;
    - validation of budget assumptions through a zero-based budget review process;
    - enrolment-driven changes to revenues and expenditures;
    - changes to employee salaries and benefits, including collective agreement and other compensation adjustments;
    - changes to services, supplies and utilities resulting from inflation, contractual rate changes and other cost pressures; and
    - removal or adjustment of one-time revenues and expenditures included in the prior-year budget.

- Development of a balanced status quo budget to identify the cost of maintaining, to the extent possible, existing programs and service levels and to determine any projected funding gap or available financial capacity.
- Incorporation of multi-year financial planning considerations, including previously identified structural deficit reduction strategies, commitments and additional costs arising from approved multi-year plans.
- Consideration of accumulated operating surplus, where appropriate, as a transitional measure to support budget balance, recognizing that the use of one-time surplus cannot sustainably fund ongoing expenditures.

KEY DATES

The following table summarizes key dates in the financial planning process.

Timing	Activity / decision point
December 2, 2026	Board reviews and approves the financial planning process and the engagement approach.
February 15, 2027	VSB submits enrolment projections to MECC.
February 28, 2027	Statutory deadline for adoption and submission of 2026-27 Amended Budget.
March 15, 2027	Statutory deadline for MECC operating grant announcement.
April 30, 2027	Target Board adoption of the 2027-28 Annual Budget.
May-June	Implementation, reporting and Ministry submission.
By June 30, 2027	Statutory deadline for adoption and submission of 2027-28 Annual Budget.

COMMITTEE DISCUSSION

At the meeting, participants were invited to reflect on the previous financial planning process and provide input on the design of the 2027-28 process. Participants were also invited to provide feedback in writing. The discussion was guided by the following questions:

Reflection on past engagement related to the financial planning processes
Looking back, what should we learn from previous engagements?

- What activities from previous financial planning engagement processes helped support inclusive, informed and meaningful participation? What should be retained?
- What aspects of previous financial planning engagement processes should be reconsidered as we design the 2027-28 process?

Engagement Process
What would make future engagement meaningful, accessible and inclusive?

- What engagement methods would make participation meaningful, inclusive and proportionate to the decisions under consideration?
- What, if anything, could make participation in financial planning easier or more useful?
- What information and context is needed to participate meaningfully and provide informed input?

Engagement Timing
When should engagement occur to have the greatest value?

- When should engagement begin so there is a genuine opportunity to influence budget priorities?

- When should engagement occur on specific proposals, options or trade-offs so feedback is informed and useful?
- How should engagement be timed and sequenced to enable for early input and opportunities to respond to the draft financial plan which includes specific proposals?

Summary of Feedback

Feedback from the Committee discussion and the subsequent written submissions from IUOE, PASA and VEPVPA generally supported an engagement process that starts early and is accessible, iterative, transparent and informed. Key themes included:

- Begin engagement early enough for participants to provide input on priorities before specific financial plan proposals are developed.
- Provide opportunities for input early in the process and again after the draft Financial Plan is released, when more complete financial information and specific proposals are available.
- Where possible, provide sufficient time for stakeholder organizations and members of the public to review financial information, consult with their communities and provide informed feedback.
- Use multiple and accessible engagement approaches that support equitable participation, including in-person meetings, community-based opportunities, stakeholder meetings, public delegation meetings and other accessible methods.
- Provide opportunities for direct engagement between trustees, staff, inherent right holder representatives and stakeholder representatives, including trustee participation in stakeholder meetings where appropriate.
- Present financial information in plain and accessible language, recognizing that participants have different levels of familiarity with financial terminology and the District's financial planning process.
- Support stakeholder representatives in sharing information with their communities and bringing feedback back to the Board and provide opportunities to respond to questions raised during engagement.
- Clearly communicate what input is being sought, how participants can contribute, and how feedback will be considered in the financial planning process.
- Structure discussions of financial constraints, priorities and potential trade-offs in a way that supports constructive participation and avoids asking participants to identify individuals or employee groups for reductions.

Overall, the participants emphasized that meaningful engagement is more than providing opportunities to participate. Engagement should occur at points in the financial planning process where input can reasonably inform decisions, supported by clear information, accessible participation methods and opportunities for dialogue and follow-up.

PROPOSED FINANCIAL PLAN ENGAGEMENT AND TIMELINE

The annual financial planning process will provide opportunities for meaningful, transparent and inclusive engagement. Engagement activities will be informed by best practice standards established by the International Association for Public Participation (IAP2) and aligned with the District's administrative procedures. The level, timing and method of engagement will be tailored to the purpose and stage of the financial planning process, the audiences involved, the information available and the opportunity for input to inform decision-making.

The District will seek input from the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh Úxwumixw (Squamish Nation) and səlilwətaɬ (Tsleil-Waututh Nation), District leaders and formal stakeholder groups, as well as students, families, staff and members of the broader public. Engagement with inherent rights holders will occur through the Indigenous Education Council (IEC) and other appropriate opportunities, while formal stakeholder groups will have opportunities to participate through individual meetings and joint workshops. The nature and extent of engagement with each audience may vary depending on the phase of financial planning and the matters under consideration.

Engagement methods will be adapted to the purpose and audience and may include facilitated discussions and workshops, community or town hall sessions, online surveys, open-ended feedback, opportunities to comment on identified priorities or proposals, written submissions, and presentations directly to the Board through Committee of the Whole and Public Delegation Board meetings. The location and format of in-person engagement may also vary to support participation across the District. Engagement may occur at multiple points in the process, including early opportunities to identify priorities and later opportunities to consider and respond to financial information and emerging proposals. Where appropriate, engagement will provide opportunities for discussion and follow-up on questions or feedback raised.

Information will be provided in a clear and accessible manner appropriate to the audience and engagement activity. Published materials will, wherever practicable, be provided in accessible digital formats that support translation using available translation tools, helping families and community members access information in their preferred language. The purpose of each engagement opportunity, the nature of the input being sought and how that input may inform the financial planning process will be communicated. Public participation guidelines will support respectful and constructive input, including ensuring that discussion of financial priorities and trade-offs does not target individuals or employee groups.

To encourage broad participation, engagement opportunities will be communicated through a range of VSB-owned digital and governance (i.e. Board meetings and committee meetings) channels, including email, the VSB website and intranet, social media, the VSB podcast, and committee and Board meetings. Within Board-established timelines, engagement will be planned, wherever possible, to avoid school breaks, significant District events and other engagement activities that may limit participation.

The Board will receive information throughout the engagement process through trustee memoranda, committee reports and discussions, including engagement activity updates and feedback received. Verbatim comments and correspondence may be provided where appropriate, with public versions redacted as required under FOIPPA. This reporting will provide trustees with ongoing visibility into engagement as the Financial Plan is developed.

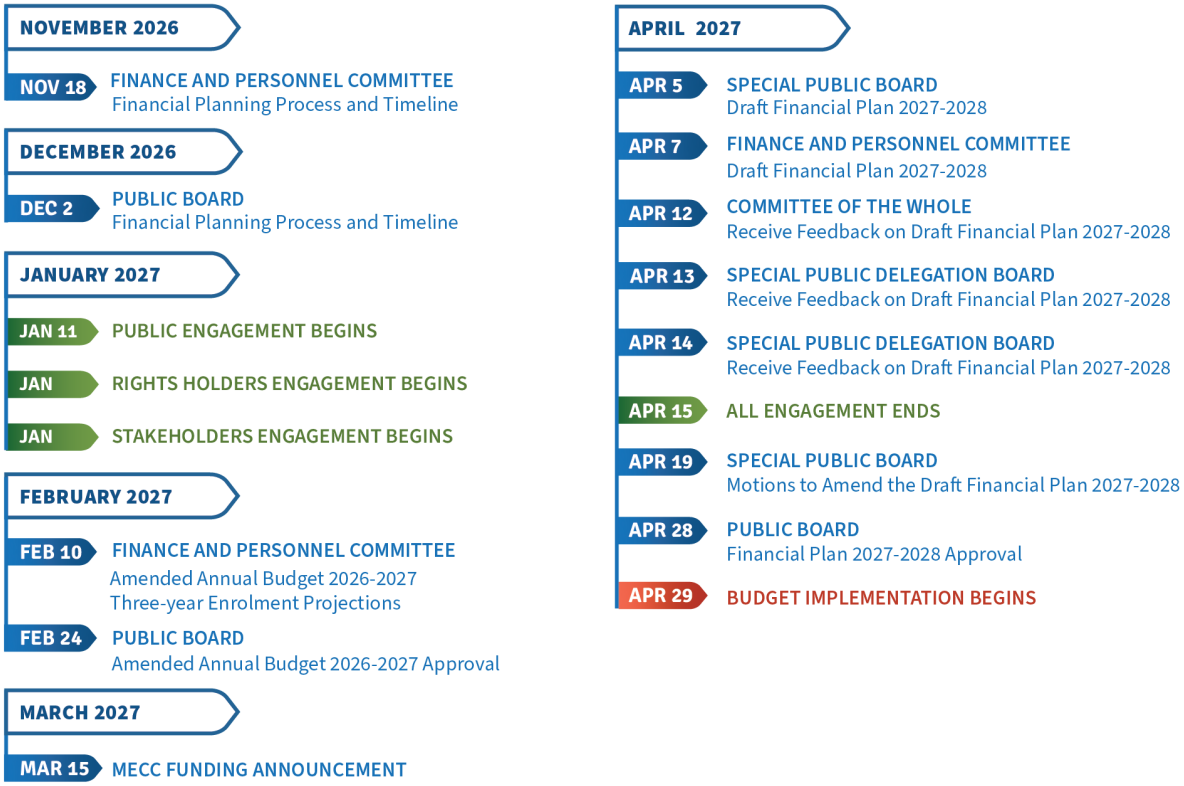

Committee and written feedback informed the proposed 2027-28 financial planning process and engagement approach. In response to that feedback, the process provides opportunities for input at different stages of financial planning, including early engagement about priorities and further engagement

as more complete financial information and specific proposals become available. The process also includes an additional Public Delegation Board meeting on April 13, 2027. The broader engagement approach provides for trustee participation in meetings with inherent rights holders and stakeholder representatives, as appropriate. Community or town hall sessions may also be considered as part of the detailed engagement plan where this form of engagement is appropriate to the phase, audience and input being sought.

All feedback received will be considered by the Board as part of its financial planning deliberations. The Board of Education retains responsibility for financial planning decisions and approval of the Financial Plan.

A detailed engagement plan will be developed to implement this approach and may be adapted throughout the financial planning process to reflect emerging financial information, the nature of the decisions under consideration, feedback received and the level of engagement appropriate to each phase and the matters under consideration.

A summary of the key engagement timelines proposed for the 2027-28 Financial Plan is provided below.

RECOMMENDATION

That the Board approve the 2027-2028 Financial Planning Process and direct the superintendent to develop and implement an engagement plan that reflects the engagement approach outlined in this report.

Vancouver School Board

ITEM 8.1

December 2, 2026

TO: **Board of Education**

FROM: **Jessie Gresley-Jones, Executive Director of Facilities**

RE: **First Reading and Referral of Bylaw for the Leased Legal Parcel Adjacent to Sir Sandford Fleming Elementary School**

Reference to Education Plan

GOAL: Goal 2: The Vancouver School Board will increase equity by…

OBJECTIVE: Improving stewardship of the District's resources by focusing on effectiveness, efficiency and sustainability.

INTRODUCTION

The purpose of this report is to seek first reading of a bylaw related to the leased property adjacent to Sir Sandford Fleming Elementary School and to refer the bylaw to the Facilities Planning Committee for further consideration.

The bylaw is required to allow the Board to enter into and register agreements required by the City of Vancouver to complete the rezoning and permitting process for the planned rental housing development on the leased property.

BACKGROUND

The Board of Education of School District No. 39 (Vancouver) (the "**Board**") is the owner of the Sir Sandford Fleming Elementary School site with a civic address of 6363 Lanark Street, Vancouver, British Columbia (the "**Fleming School Site**"). The Board also owns the legal parcel to the south of the Fleming School Site with a civic address of 1401 – 1455 East 49th Avenue, Vancouver, British Columbia (the "**Leased Legal Parcel**"), which is leased by the Board to Vittori Lanark Limited Partnership and Vittori Lanark Holdings Ltd. (collectively, the "**Tenant**") pursuant to a ground lease made November 26, 2024 (the "**Ground Lease**")**.**

The City of Vancouver (the "**City**") requires the Tenant to register certain agreements against title to the Leased Legal Parcel to satisfy applicable rezoning conditions to permit construction of the proposed building contemplated under the Ground Lease. The following agreements are required to enact the rezoning:

1. Services Agreement for the construction of certain servicing works (the "**Services Agreement**");
2. Statutory Right of Way – Sidewalk for the construction and installation of a public sidewalk and the use thereof by the members of the public (the "**Sidewalk SRW**");
3. Housing Agreement and Building Use Covenant Rental Housing to restrict the use of the Leased Legal Parcel for the purposes of providing rental housing (the "**Housing Agreement**"); and
4. Access Easement with Section 219 Covenants for use of a portion of the Fleming School Site for the purpose of access to and egress from the Leased Legal Parcel (the "**Parking Access Agreement**", and together with the Services Agreement, the Sidewalk SRW and the Housing Agreement, the "**City Agreements**").

The City requires the agreements to be registered against fee simple title to the Leased Legal Parcel, which requires the Board to pass and adopt a Board bylaw before execution and registration of the City Agreements. In accordance with Sections 2.8(b) and 6.6(a) of the Ground Lease, the Board has agreed to endeavour to grant such rights reasonably requested by the Tenant as contemplated by Ground Lease. These documents are required to be passed by the Board of Trustees in January 2027 and the Council Members of the City of Vancouver in February 2027.

The lease permits development of residential rental housing, with optional ground-floor commercial space. It also provides priority access to available rental units for Vancouver School Board employees.

Rendering of the subject property

Any delays to obtaining the required approvals will cause delays to the Tenant's project, which may increase the project costs and delay bringing rental housing to the market. This housing provides benefit to the neighbourhood through supply of rental housing, and to the Board through the prioritization of rental housing for Vancouver School Board staff.

PLANNED DEVELOPMENT

The Tenant has been progressing with its planned development on the Leased Legal Parcel, which includes:

- A six-storey mixed-use rental building with at least 20% of the floor area secured for below-market rental units;
- Commercial space on the ground floor; and
- A floor space ratio (FSR) up to 3.50.

Shared vehicle access to the parkade to the Leased Legal Parcel through the staff parking lot located on the Fleming School Site was enabled through a Parking Access Easement Agreement granted by the Board in favour of the Tenant that was registered against title to the Fleming School Site at the Land Title Office on May 27, 2026 under registration number CB2816056. The Board passed a bylaw approving this agreement on April 30, 2026. However, as part of the rezoning conditions, the City is requiring that this agreement be discharged and replaced with the Parking Access Agreement with both the Tenant and the City as party.

Municipal Approvals – Rezoning Process

The Tenant applied to the City for an application to rezone the Leased Legal Parcel from R1-1 to RR-3B, which would have required below market rental residential units. The rezoning was originally approved by City Council at a Public Hearing on November 13, 2025. However, on May 19, 2026, Council approved

City-led amendments to its Secured Rental Policy and the RR (Rental residential) zones. As a result, the Leased Legal Parcel was rezoned from R1-1 to RR-3C, which allows a 6-storey mixed-use residential rental building without below market rental units. More information on this process can be found here: 1401-1455 E 49th Ave rezoning application | Shape Your City Vancouver. Final enactment of the rezoning depends on the Tenant's successful Development Permit (DP) application with the City.

Municipal Approvals – Development Permit and Building Permit

In addition to achieving a successful Development Permit (DP) application, the City must approve the Tenant's Building Permit (BP) before the commencement of construction on the Leased Legal Parcel. The City has confirmed that as a condition of its approval the City Agreements must be registered against the fee simple interest of Leased Legal Parcel, which is owned by the Board, rather than the leasehold interest, which is owned by the Tenant. As there will be certain benefits arising to the City from the City Agreements, the City wants to ensure that these benefits are not terminated in the unlikely event the Ground Lease is ever terminated early. Hence, the City's position is to have these registered against the Board's fee simple interest in the Leased Legal Parcel. The following documents are therefore required to enable the rental housing development on the Leased Legal Parcel contemplated by the Ground Lease to proceed:

- Services Agreement;
- Sidewalk SRW;
- Housing Agreement; and
- Parking Access Agreement.

There is a particular sequencing of approvals that needs to occur for due legal process: the Board must first pass by-laws to advance these documents to the City, after which they are to be approved by the City's Council Members. The lead up to the October 2026 municipal election has presented challenges in the sequencing and timing of these meetings since the May 2026 rezoning was conditionally approved. Consequently, the rezoning enactment and permitting processes have been delayed.

The Board, the Tenant, and the City have coordinated to streamline the municipal approvals process, beginning with the Vancouver School Board approving and passing the required bylaws to advance the municipal approvals processes.

Rental Building Construction Commencement and Financing

The Tenant's financing for constructing the rental building has been secured through the Canadian Mortgage and Housing Corporation's (CMHC's) "MLI Select" program, which is an incentive-based mortgage loan insurance product for qualifying projects – multi-unit residential properties with five or more units. This financing is conditional upon the Tenant's construction on the Leased Legal Parcel of the Fleming property commencing by March 1, 2027. On September 30, 2026, the CMHC changed the MLI Select program's requirements such that there would be a significant increase in construction costs, adding substantial financial risk to the project. The Tenant's application has been grandfathered, so there is no possibility of financing extension if this critical milestone isn't achieved. Construction commencement is dependent on securing the appropriate municipal approvals before March 1, 2027. To further accelerate approval processes and commence construction as quickly as possible, the Tenant is applying to expedite its Stage 1 Building Permit under the City of Vancouver's Certified Professional (CP) program, which first requires approval of the above agreements by the Board of Trustees.

TIMELINES

The agreements must be approved and registered before the City of Vancouver can complete the remaining municipal approvals. Construction is currently expected to begin by March 1, 2027.

Timely consideration of the bylaw will support the coordinated approval process while allowing the Facilities Planning Committee to review the agreements and make a recommendation to the Board.

The following dates must be met for the commencement of construction on the Leased Legal Parcel by March 1, 2027:

- Jan 13, 2027: Facilities Planning Committee
- Jan 27, 2027: Bylaws considered by Board of Trustees
- Early to Mid-Feb, 2027: Agreements registered in the Land Titles Office
- Mid-Feb, 2027: City of Vancouver Development Permit Issued
- Mid to Late-Feb, 2027: City of Vancouver Phase 1 Building Permit Issued, Rezoning Enactment at Council Meeting (Target Date TBC)
- March 1, 2027: Deadline for the commencement of construction

PURPOSE OF THE BYLAW

As part of the rezoning and development approval process, the City of Vancouver requires four agreements to be registered against the title to the leased property:

- a services agreement for required servicing works;
- a statutory right of way for a public sidewalk;
- a housing agreement and building-use covenant; and
- an access agreement governing vehicle access between the leased property and the Fleming school site.

Because the Board owns the property, Board approval by bylaw is required before the agreements may be executed and registered.

Giving the bylaw first reading will begin the Board's consideration of these agreements. Referral to the Facilities Planning Committee will provide an opportunity for further public review before the bylaw returns to the Board for consideration of subsequent readings.

RECOMMENDATION

THAT the Board of Education give first reading to The Board of Education of School District No. 39 (Vancouver) Sir Sandford Fleming Elementary Leased Parcel City Agreements Bylaw 2026/2027 this 2nd day of December 2026; and further

THAT the Board refer the bylaw to the Facilities Planning Committee for consideration and recommendation to the Board.

Attachment:
The Board of Education of School District No. 39 (Vancouver) Sir Sandford Fleming Elementary Leased Parcel City Agreements Bylaw 2026/2027

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 39 (VANCOUVER)
SIR SANDFORD FLEMING LEASED PARCEL CITY AGREEMENTS BYLAW 2026/2027

WHEREAS a Board of Education may dispose of land or improvements under the authority of Section 96(5) of the *School Act*, subject to the orders of the minister responsible under the *School Act* (British Columbia) (the "**Minister**");

AND WHEREAS the *Interpretation Act* (British Columbia) defines the word "dispose" to mean to transfer by any method and includes, among other things, grant and charge;

AND WHEREAS the Minister issued *Disposal of Land or Improvements Order* (Ministerial Order M193/08) (the "**Order**") effective September 3, 2008 requiring fee simple sales and leases of land or improvements for a term of ten years or more to be specifically approved by the Minister, unless the transferee is an independent school, a francophone education authority or another board of education;

AND WHEREAS a disposal of land or improvements by way of a grant of a Section 219 covenant, statutory right of way or easement does not require approval from the Minister pursuant to the Order;

AND WHEREAS Section 65(5) of the *School Act* (British Columbia) requires a Board of Education to exercise a power with respect to the acquisition or disposal of property owned or administered by the Board of Education only by bylaw;

AND WHEREAS:

(i) The Board of Education of School District No. 39 (Vancouver) (the "**Board**") owns the land and improvements known as the Sir Sandford Fleming Elementary School located at 6363 Lanark Street, Vancouver, British Columbia and legally described as:

Parcel Identifier:	007-928-955
Legal Description:	Block 3 District Lot 731 Group 1 New Westminster District Plan 8333 Except Plan 18841, Plan BCP31199 and Plan EPP132422

(the "**School Site**");

(ii) In addition to the School Site, the Board owns the land to the south of the School Site located at 1455 East 49th Avenue, Vancouver, British Columbia and legally described as:

Parcel Identifier:	032-188-803
Legal Description:	Lot 1 District Lot 731 Group 1 New Westminster District Plan EPP132422

(the "**Leased Parcel**");

(iii) the School Site is facility number 03939066 and the Leased Parcel is a portion thereof;

(iv) pursuant to a ground lease made November 26, 2024 (the "**Ground Lease**") among the Board, as landlord, Vittori Lanark Holdings Ltd. and Vittori Lanark Limited Partnership (collectively, the "**Tenant**"), as tenant, and Vittori Developments Ltd., as co-covenantor, the Board granted a long-term lease of the Leased Parcel to the Tenant on the terms and conditions set forth in the Ground Lease;

(v) in connection with the development and construction of the improvements by the Tenant on the Leased Parcel pursuant to the Ground Lease, and as part of the rezoning of the Leased Parcel being undertaken by the Tenant with the City of Vancouver (the "**City**"), the Tenant requires the Board to enter into the following agreements with the City to be registered against fee simple title to the Leased Parcel:

A. Services Agreement for the construction of certain servicing works relating to the development on the Leased Parcel (the "**Services Agreement**");

B. Statutory Right of Way – Sidewalk for the construction and installation of a public sidewalk on the Leased Parcel and the use thereof by the members of the public (the "**Sidewalk SRW**");

C. Housing Agreement and Building Use Covenant Rental Housing to restrict the use of the Leased Legal Parcel for the purposes of providing rental housing (the "**Housing Agreement**"); and

D. an access easement over a portion of the School Site shown outlined in bold on the explanatory plan attached hereto as Schedule A (the "**Easement Area**") for the purpose of access to and egress from the parkade to be constructed on the Leased Parcel pursuant to the Ground Lease (the "**Easement**", and together with the Services Agreement, the Sidewalk SRW and the Housing Agreement, the "**City Agreements**"), which Easement will also be registered against title to the School Site for the benefit of the Leased Parcel;

(vi) the Board is satisfied that it would be in the best interests of the Board to enter into the City Agreements and grant over the School Site and the Leased Parcel, as applicable, the Section 219 covenants, statutory rights of way, equitable charges and easements contemplated in the City Agreement (collectively, the "**Charges**") for the benefit of the City and the Leased Parcel, as applicable, and that the entering into the City Agreements and the granting of the Charges will not interfere with the Board's use of the School Site for educational purposes; and

(vii) the Board has determined and hereby confirms that the entering into the City Agreements and the granting of the Charges will neither conflict nor detract from the regular or extracurricular program of a school or the current or future educational needs of School District No. 39 (Vancouver).

NOW THEREFORE BE IT RESOLVED as a Bylaw of the Board that the Board enter into the City Agreements with the City and Vittori Lanark Holdings Ltd., as applicable, and grant the Charges in favour of the City and the Leased Parcel, as applicable, in the form approved by the Secretary-Treasurer, in her discretion, and register the Charges against title to the School Site and the Leased Parcel, as applicable, at the Land Title Office.

BE IT FURTHER RESOLVED as a Bylaw of the Board that the Secretary-Treasurer be and is hereby authorized, on behalf of the Board, to execute and deliver the City Agreements in such form and with such amendments thereto as the Secretary-Treasurer may, in her discretion, consider advisable, and the Secretary-Treasurer be and is hereby authorized, on behalf of the Board, to execute and deliver all related and ancillary documents required to complete the entering into the City Agreements and the granting of the Charges to the City and the Leased Parcel, as applicable, on such terms and conditions as the Secretary-Treasurer may, in her discretion, consider advisable as witnessed by the signature of the Secretary-Treasurer.

This Bylaw may be cited as "The Board of Education of School District No. 39 (Vancouver) Sir Sandford Fleming Elementary Leased Parcel City Agreements Bylaw 2026/2027".

OBJECTIVE: Improving stewardship of the district's resources by focusing on effectiveness, efficiency, and sustainability.

INTRODUCTION

The purpose of this report is to enable the Board to determine whether the late Notice of Motion submitted by Trustee Melanie Cheng on November 13, 2026 may be considered at this meeting.

The procedural recommendation in this report is limited to whether the Board will permit consideration of the attached Notice of Motion. Approval of the recommendation does not approve, endorse or otherwise determine the merits of the substantive motion contained in Attachment A.

BACKGROUND

Trustee Melanie Cheng submitted a Notice of Motion proposing the Review and Update of the Long-Range Facilities Plan.

The Notice of Motion was received on November 13, 2026 after the four-week deadline established by Policy 7 for submission through the regular agenda-setting process. It is therefore being presented as a late Notice of Motion and is attached to this report as Attachment A. The attachment includes the trustee's proposed motion, rationale and list of supporting attachments.

POLICY CONSIDERATIONS

Policy 7: Board Operations establishes the process and timelines for submitting requests for Board agenda items and notices of motion. Policy 7 states:

"Trustees must submit all requests for board agenda items and notices of motion to the Secretary Treasurer's Office no later than four (4) weeks prior to the scheduled Board meeting. The Secretary Treasurer's Office is responsible for collecting and organizing all submissions and presenting them at the monthly Agenda Setting meeting. Each item is reviewed for alignment with the Board's governance responsibilities, legislative obligations under the British Columbia School Act, and the Board's strategic priorities."

Policy 7 further provides:

"Submissions received after the deadline may be considered at the discretion of the Board Chairperson. Trustees may also bring notices of motion directly to a Board meeting. However, the addition of such motions or notices of motion requires a two-thirds vote of the Board to be considered at that meeting."

Accordingly, before the Board may debate or decide the substantive motion contained in Attachment A, the Board must first approve its consideration at this meeting by a two-thirds vote.

PROCEDURAL PROCESS

The Board's consideration of this matter will proceed in two distinct stages:

Procedural decision: The Board will vote on the recommendation in this report to determine whether the late Notice of Motion may be considered at this meeting. A two-thirds vote of the Board is required.

Substantive consideration: If the procedural recommendation carries, the Chairperson will place the substantive motion contained in Attachment A before the Board. The Board may then debate, amend, refer, postpone or vote on the substantive motion in accordance with Policy 7 and the Board's applicable parliamentary procedure.

If the procedural recommendation does not receive the required two-thirds vote, the substantive motion will not be considered at this meeting.

RECOMMENDATION

THAT the Board approve consideration at this meeting of the late Notice of Motion submitted by Trustee Melanie Cheng regarding the Review and Update of the Long-Range Facilities Plan, as set out in Attachment A to this report.

[THIS RECOMMENDATION REQUIRES A TWO-THIRDS VOTE OF THE BOARD TO CARRY.]

OBJECTIVE: Improving stewardship of the District's resources by focusing on effectiveness, efficiency and sustainability.

REFERENCE TO VSB POLICY

☒ Relates to Policy 8 – Board Committees (Facilities Planning Committee)

☒ This is an action motion and does not propose amendments to existing Board policies.

PROPOSED MOTION

THAT the Board direct the Superintendent, in partnership with the Secretary-Treasurer, to initiate a comprehensive review and update of the District's Long-Range Facilities Plan (LRFP), to ensure that the District's long-term facilities planning reflects current and anticipated population growth, enrolment trends, land-use changes and community needs, with such updated LRFP to include the following:

a. Information, analysis and processes consistent with applicable legislation and the Provincial LRFP Guidelines;

b. Appropriate planning horizons and scenarios to support long-term facilities and capital planning;

c. Consideration of the City of Vancouver's Official Development Plan, community and neighbourhood plans, Council-approved land-use policies, approved and proposed developments, and available demographic, socioeconomic and equity data to inform facilities planning and identify the needs of underserved communities;

d. Updated population and enrolment projections for school-aged children, children less than school age, and adults, including current and projected school catchment capacity, district choice programs, potential changes in student capture rates, projection methodologies, assumptions and limitations;

e. The most recent available inventory and facility condition reports for all District-owned school sites, whether operating or closed, and all school facilities occupied by the District under lease or temporary in nature;

f. Consideration of relevant findings from existing and forthcoming District reports and local planning studies;

g. Recommendations for future school-site planning, including maintenance, renewal, evolving educational needs such as early years programs, adult education, child care, recreation, and alternative community uses, together with alternative enrolment growth and facilities planning scenarios; and

h. District-wide public engagement with opportunities for Indigenous rights holders, parents, students, staff, stakeholders, non-profit organizations and the broader public to provide input on the draft updated LRFP.

AND THAT the Superintendent engage Indigenous rights holders and stakeholders through the Facilities Planning Committee to develop a proposed scope of work, process, public engagement plan and timeline for the LRFP review, with the Committee to report back to the Board with recommendations.

Following Board approval of the proposed scope, process and public engagement plan and timeline, the Superintendent shall undertake the review and present the proposed updated Long-Range Facilities Plan, together with a summary of the engagement undertaken and input received, to the Facilities Planning Committee for review and recommendation to the Board.

RATIONALE

The Long-Range Facilities Plan (LRFP) is the District's principal planning framework for determining where schools are needed, how existing school buildings and lands should be managed, and what capital investments are required to meet the educational needs of students and communities. It provides an important foundation for the District's annual Five-Year Capital Plan submissions to the Province, including priorities for new schools, school expansions, seismic upgrades and the renewal of existing facilities.

Existing LRFP and planning reports

The District developed its 2020 Long-Range Facilities Plan, which received final Board approval on January 25, 2021. Since that time, the District has continued to undertake planning work related to enrolment, capital priorities, facility condition, sustainability and other facilities and program needs.

A comprehensive review provides an opportunity to bring relevant planning information together within an updated district-wide framework and establish a current basis for longer-term facilities and capital planning.

Changing Planning Context

The environment in which the District plans its facilities has changed significantly since the previous LRFP was developed and updated.

The City of Vancouver and the Province have introduced significant changes affecting land use and the potential location and scale of future residential development. These include the Vancouver Plan, transit-oriented area requirements, changes to zoning in established neighbourhoods, new station-area plans and the City's Official Development Plan.

These changes do not necessarily translate directly or immediately into increased student enrolment. They do, however, change the assumptions that need to be considered when assessing potential population growth, future enrolment, school capacity and the location of educational facilities over the longer term.

At the same time, the District continues to consider interconnected facilities issues including seismic mitigation, building condition, school replacement and expansion, enrolment and capacity pressures, district programs, child care and early learning, and the use of District lands and facilities.

An updated LRFP would provide a district-wide framework within which these issues can be considered collectively rather than solely through individual planning or capital initiatives.

Legislative and Planning Framework

The review should be undertaken within the applicable legislative and provincial planning framework. In particular, the District's facilities planning informs its capital planning responsibilities, including consideration of applicable community plans and consultation with local government.

The Provincial LRFP Guidelines contemplate long-range facilities planning as an ongoing process informed by enrolment, capacity, facility condition, educational programming, community planning and engagement.

Engagement

Meaningful engagement should form part of the LRFP review. Given the district-wide and long-term nature of facilities planning, the process should provide appropriate opportunities for Indigenous rights holders, students, families, staff, stakeholders and the broader community to contribute perspectives relevant to the development of the updated plan.

Rather than prescribing particular engagement methods in advance, the motion directs the Superintendent to develop an appropriate engagement approach as part of the proposed scope and process for the review. This will allow the nature, timing and methods of engagement to be designed having regard to the issues under consideration, affected communities, accessibility, available resources and District public engagement procedures.

The proposed scope, process, engagement approach and timeline would be reviewed by the Facilities Planning Committee before a recommendation is made to the Board. This is consistent with Policy 8, under which the Facilities Planning Committee reviews assigned facilities planning matters and makes recommendations to the Board.

Governance and Next Steps

Approval of the motion would not predetermine the detailed methodology or engagement activities for the LRFP review. Instead, it would establish the Board's direction that a comprehensive review be undertaken and identify the broad considerations and outcomes that should inform that work.

Administration would develop a proposed scope, process, engagement approach and timeline for review by the Facilities Planning Committee and recommendation to the Board. Following Board approval of that approach, the Superintendent would undertake the review.

The resulting proposed LRFP, together with a summary of the engagement undertaken and input received, would subsequently return to the Facilities Planning Committee for review and recommendation before being presented to the Board for consideration and approval.

RE: **Consideration of Late Notice of Motion Regarding Let the kids play: Getting the Britannia Hockey Academy back on the ice**

Reference to Education Plan

GOAL: Goal 2: The Vancouver School Board will increase equity by…

OBJECTIVE: Improving stewardship of the district's resources by focusing on effectiveness, efficiency, and sustainability.

INTRODUCTION

The purpose of this report is to enable the Board to determine whether the late Notice of Motion submitted by Trustee Derrick O'Keefe on November 25, 2026 may be considered at this meeting.

The procedural recommendation in this report is limited to whether the Board will permit consideration of the attached Notice of Motion. Approval of the recommendation does not approve, endorse or otherwise determine the merits of the substantive motion contained in Attachment A.

BACKGROUND

Trustee O'Keefe submitted a Notice of Motion proposing that the Board direct the Superintendent to reaffirm its support of the Britannia Hockey Academy District Program including offering the Program for the second semester of the 2026–2027 school year, subject to sufficient student enrolment, and to approve up to $17,000 from the contingency reserve to support the program getting back on the ice.

The Notice of Motion was received on November 25, 2026 after the four-week deadline established by Policy 7 for submission through the regular agenda-setting process. It is therefore being presented as a late Notice of Motion and is attached to this report as Attachment A. The attachment includes the trustee's proposed motion and rationale.

POLICY CONSIDERATIONS

Policy 7: Board Operations establishes the process and timelines for submitting requests for Board agenda items and notices of motion. Policy 7 states:

"Trustees must submit all requests for board agenda items and notices of motion to the Secretary Treasurer's Office no later than four (4) weeks prior to the scheduled Board meeting. The Secretary Treasurer's Office is responsible for collecting and organizing all submissions and presenting them at the monthly Agenda Setting meeting. Each item is reviewed for alignment with the Board's governance responsibilities, legislative obligations under the British Columbia School Act, and the Board's strategic priorities."

Policy 7 further provides:

"Submissions received after the deadline may be considered at the discretion of the Board Chairperson. Trustees may also bring notices of motion directly to a Board meeting. However, the addition of such motions or notices of motion requires a two-thirds vote of the Board to be considered at that meeting."

Accordingly, before the Board may debate or decide the substantive motion contained in Attachment A, the Board must first approve its consideration at this meeting by a two-thirds vote.

PROCEDURAL PROCESS

The Board's consideration of this matter will proceed in two distinct stages:

Procedural decision: The Board will vote on the recommendation in this report to determine whether the late Notice of Motion may be considered at this meeting. A two-thirds vote of the Board is required.

Substantive consideration: If the procedural recommendation carries, the Chairperson will place the substantive motion contained in Attachment A before the Board. The Board may then debate, amend, refer, postpone or vote on the substantive motion in accordance with Policy 7 and the Board's applicable parliamentary procedure.

If the procedural recommendation does not receive the required two-thirds vote, the substantive motion will not be considered at this meeting.

RECOMMENDATION

THAT the Board approve consideration at this meeting of the late Notice of Motion submitted by Trustee O'Keefe regarding Let the kids play: Getting the Britannia Hockey Academy back on the ice, as set out in Attachment A to this report.

[THIS RECOMMENDATION REQUIRES A TWO-THIRDS VOTE OF THE BOARD TO CARRY.]

RE: **Notice of Motion – Let the kids play: Getting the Britannia Hockey Academy back on the ice**

Reference to Education Plan

GOAL: Goal 1: The Vancouver School Board will improve student achievement, physical and mental well-being, and belonging by…

OBJECTIVE: Encouraging students to reach beyond previous boundaries in knowledge and experience.

REFERENCE TO VSB POLICY

☒ Relates to Policy No. 1, which outlines the first goal of the VSB to "improve student achievement, physical and mental well-being and belonging" and incorporates the VSB's Equity and Anti-Oppression Framework that commits to student-centred practices and decision making through open communications with stakeholders.

☒ This is an action motion and does not change or contradict any existing policies from the Board Policy Handbook

PROPOSED MOTION

THAT the Board direct the Superintendent to reaffirm its support of the Britannia Hockey Academy District Program including offering the Program for the second semester of the 2026–2027 school year, subject to sufficient student enrolment, and approve up to $17,000 from the contingency reserve to support the program getting back on the ice.

RATIONALE

The Hockey Academy at Britannia Secondary is an existing District Program that provides students with an affordable opportunity to participate in hockey skills and leadership development. The program supports the District's goals related to student achievement, physical and mental well-being, belonging, and encouraging students to reach beyond previous boundaries in knowledge and experience.

This motion will support the physical and mental well-being of students currently enrolled in the Hockey Academy and clarify the Academy's status to funding partners and to prospective students considering applying to this District Program.

This motion aims to: enable the resumption of the on-ice activities of the Britannia Hockey Academy as soon as possible and to reaffirm the Board's support for this District Program; help maintain long-term external funding partnerships that cover substantial amounts of the program's costs; and support the District in its equitable education goals by providing a rare opportunity for students to reach beyond their boundaries and experience and prepare for post-secondary opportunities by participating in an affordable youth hockey skills and leadership development program.

The Hockey Academy at Britannia Secondary is an existing District Program that provides students with an affordable opportunity to participate in hockey skills and leadership development.

The program supports the District's goals related to student achievement, physical and mental well-being, belonging, and encouraging students to reach beyond previous boundaries in knowledge and experience. The Academy did not operate during the first semester of the 2026–2027 school year. The Board-approved program fee is $800 per student.

According to VSB senior staff, offering the Hockey Academy beginning February 3, 2027, at the start of the second semester, would require one additional instructional block at Britannia Secondary for the remainder of the school year, at an estimated cost of $17,000. This cost can be funded from the District's contingency reserve.

Additional Britannia Hockey Academy costs are covered by significant outside sponsorships, donations, and bursaries that have sponsored this program for many years and help support the District’s commitment to equity and inclusivity and provide a rare affordable opportunity for students to participate in a licensed Hockey Canada Skills Academy.

Providing the additional funding would allow this District Program to be offered in the second semester and would support continued access to a program at Britannia Secondary that provides students with opportunities for physical activity, skill development, leadership and social development. This also supports the District's equitable education goals by providing an accessible opportunity for students to participate in a specialized hockey program.
