#### *Duty to Respond*

All threats must be taken seriously and require a response that includes investigation and intervention. Our goal is to respond to threats quickly and in a professional manner, so that we can maintain a safe and caring learning environment.

The school administrator will initiate the threat risk assessment process, according to district protocol. Each school has a multi-disciplinary School Threat Risk Assessment Team which includes the School Administrator(s), Area or School-based Counsellor(s), and School Liaison Police Officer. A school may also involve district resource staff and community partners such as Child and Youth Mental Health in the threat assessment process.

#### *What is the purpose of a Student Threat Risk Assessment?*

The VSB student threat assessment process is used to:

- To ensure the safety of students, staff, parents and others.
- To ensure a full understanding of the context of the threat.
- To understand factors contributing to the threat makers' behaviour.
- To be proactive in developing an intervention plan that addresses the emotional and physical safety of the threat maker.
- To promote the emotional and physical safety of all.

#### *What happens in a Student Threat Risk Assessment?*

- Information is gathered from multiple sources including open source digital publically available data. This may include interviews with the threat-maker, student(s), staff and parents/ guardians/ caregivers to assess the level of risk.
- The School Threat Assessment Team examines the information collected and in consultation with community partners, determines the level of risk.
- Appropriate intervention plans are developed, implemented and shared with parents/guardians, staff and students, as required. Information shared throughout the risk/threat assessment process will respect the individual's right to privacy and the safety of all.

#### *Can I refuse to participate in the threat assessment process?*

It is important for all parties to engage in the Threat Risk Assessment process. However, if for some reason there is a reluctance to participate in the process, by the threat maker or parent/guardian, the threat assessment process will continue in order to ensure a safe and caring environment for all.
