

## May PAC Principal's Report

### Indigenous Acknowledgment

### School Fees for 21/22

Approved at the board level and will include:

- \$7 Agenda/Planner
- \$10 Performance Fee
- Field Studies as appropriate

### Photo Day

May 21<sup>st</sup> – will be individual photos only. No class composites or large school composite this year.

### Technology Updates

We now have 50 iPads and 30 laptops for the school. These have come from PAC donations, Future Play, and school money. They are being used regularly. We are grateful for all the support.

### COVID

All staff are currently being immunized. This is an individual medical decision and not mandatory. We have had no new exposures at school since the beginning of Spring Break. We now have Rinse and Gargle kits that we are sending home when there are symptoms and students need to go home. We are grateful to all families who have been promptly picking students up when they are called mid-day.
