Spotlight on
Division 2
Here's what
Anthony and Bilenne
have been reading!

Bilenne: I recommend, *The Find Outers*, by Enid Blyton. I suggest this series of books because I love the cool and surprising adventures that Enid Blyton makes. I think she is a good author for kids to follow and I think kids will enjoy her lovely stories. I have read quite a few of her stories.

Check out that tower of books! Impressive!

Anthony: My name is Anthony Tucker and I am in Grade 7 in Mr. Braun's class. Ms. Coughlan asked me to talk about the book I am reading now. I'm reading a book from the Star Wars Legends X-Wing series titled... *Isard's Revenge* by Michael A. Stackpole. My favourite character is Wedge Antilles. He is the leader of Rogue Squadron...the famed X-Wing fighters of the Rebel Alliance. Because I'm an aviation enthusiast, I love reading books where the main character is a pilot and in charge of a team... something that I might do someday. Plus, Wedge is a cool character!

What is Ms. C. Reading?

Local BC resident, award-winning author Ashley Spires writes an inspirational story about a girl and her dog setting out to create the most magnificent thing.
