

SafePlanet

The United Nations Campaign for Responsibility on Hazardous Chemicals and Wastes

# Student Heroes for the

launches the Vancouver Art Contest,  
2011-2012

# Environment

in co-operation with the Vancouver School Board

runs: 9 December 2011 - May 18, 2012

Final selections announced June 15, 2012

Create a work of art that demonstrates the possibilities of life in a world without hazardous chemicals and waste. Examples of the problems we are faced with are: the one-use plastics currently destroying our oceans, the toxic emissions polluting the air we breathe, the dangerous pesticides used to grow our food. What are your solutions? The bottom line is a call for a strong image that represents a Safe Planet, free of hazardous chemicals and wastes, in any form. See more information on our website at [www.safepla.net](http://www.safepla.net), and look at our "Flagship" themes, as well as "contests". All two-dimensional media are welcomed: photographs, paintings, drawings, graphics.

## Prizes

- ☞ K - 3: A week at Fun Camps, Vancouver for two winners
- ☞ 4 - 7: A week at Fun Camps for two winners
- ☞ 8 -12: A week at Art Mill [www.artmill.eu](http://www.artmill.eu), in the Czech Republic for one winner, including airfare to Europe (with chaperoned flight)
- ☞ Cash Prize (\$500 to 5 winning schools) for each Finalists' School to go towards sustainability related projects

Besides prizes, five winners will have their winning designs reproduced on an eco-conscious, reusable Shopping Tote to be sold across Vancouver and other Safe Planet global outlets

Ask your teacher for details! Become a Safe Planet Hero and join the United Nations Safe Planet Campaign to make the planet safe for all living things!

Create an image to show a planet safe for all living things!
