RE: **Class Size Report: 2013**

---

## Background and Context

In May 2012, Bill 22 was introduced to amend the *School Act* provisions regulating class size and composition. Subsequently, the class size regulation was also changed. These changes have resulted in differences in the way districts report class sizes. This report is provided for information.

The following summarizes the changes that took effect with the 2012 legislation.

- a) District class size averages were removed
- b) Class size limits are in effect as follows:
  - Kindergarten classes: 22 students
  - Grades 1 to 3 classes: 24 students
  - Grades 4 to 12: 30 students (excluding those classes listed below)
- c) A list of classes excluded from the limit of 30 students in grades 4 to 12 (Table A)

**Table A: Classes that are excluded from the size limit of 30 students as per Bill 22**

- a class conducted by means of distributed learning
- a class that is part of an alternate program
- a class that meets for the purpose of a work study or work experience program
- a class that is limited to students enrolled in a specialty academy, as defined in section 82.1(1) of the Act
- a music class, including band, choir, instrumental music and orchestra
- a performing arts class, including drama and dance
- a Planning 10 class
- a board authorized leadership course.
